11.	Principles	<p>The IJB has reviewed the budget proposals from NHS Lothian referred to in Section 10 as part of a due diligence process and the core baseline budget been jointly agreed. In doing so the IJB has examined a number of factors to estimate anticipated growth including population and non-demographic growth, estimated looking at historical trends and extrapolated. Our plans acknowledge rising year-on-year activity and growth demand.</p> <p>In monitoring directions, the IJB will continue to undertake further analysis of the assumptions applied as they develop including:</p> <ul style="list-style-type: none"> – whether the total budget and activity aligned to each programme is realistic and achievable – whether the split of budget and activity assumed for individual programmes is sensible – further examination of thresholds and any assumed increases or reductions <p>As a fundamental principle there should be neither disinvestment nor further investment in delegated services without being subject to full discussion and agreement with West Lothian IJB.</p> <p>West Lothian IJB expects that the principles of Best Value (to secure continuous improvement in performance whilst maintaining an appropriate balance between quality and cost, maintaining regard to economy, efficiency, effectiveness) are adhered to in carrying out this direction.</p>
12.	Aligned National Health and Wellbeing Outcomes	<p>To support the following national outcome measures:</p> <ol style="list-style-type: none"> 1. People are able to look after and improve their own health and wellbeing and live in good health for longer 2. People, including those with disabilities or long term conditions, or who are frail, are able to live, as far as reasonably practicable, independently and at home or in a homely setting in their community 3. People who use health and social care services have positive experiences of those services, and have their dignity respected 4. Health and social care services are centred on helping to maintain or improve the quality of life of people who use those services

Appendix 4

		<ol style="list-style-type: none"> 5. Health and social care services contribute to reducing health inequalities 6. People who provide unpaid care are supported to look after their own health and wellbeing, including to reduce any negative impact of their caring role on their own health and well-being 7. People using health and social care services are safe from harm 8. People who work in health and social care services feel engaged with the work they do and are supported to continuously improve the information, support, care and treatment they provide 9. Resources are used effectively and efficiently in the provision of health and social care services
14.	Aligned priorities, strategies, outcomes	This direction relates to and will be monitored against the detailed performance framework within West Lothian IJB's Strategic Plan.
15.	Compliance and performance monitoring	<ol style="list-style-type: none"> 1. In order to ensure West Lothian IJB fulfils its key strategic planning and scrutiny functions, and further develops and coordinates the implementation of its Strategic Plan, monitoring our own and our partners' performance is imperative. The primary responsibility for performance management in respect of delivery of the delegated functions will rest with the IJB and NHS Lothian Health Board will provide performance information so that the IJB can develop a comprehensive performance management system. 2. In addition to the specific commitments set out in West Lothian IJB's Integration Scheme and the obligations regarding provision of information under the Act, NHS Lothian Health Board will provide the IJB with any information which the IJB may require from time to time to support its responsibilities regarding strategic planning, performance management, and public accountability. 3. Details of how compliance and performance will be measured and reported on (performance indicators, delivery outcomes, targets etc.) will be provided in the appropriate care group commissioning plan. 4. The IJB directs NHS Lothian Health Board, through its officers, to provide a quarterly update and an annual report in the final quarter of financial year 2016-

Appendix 4

		<p>17 on delivery of directions.</p> <p>5. The IJB directs NHS Lothian Health Board, through its officers, to provide an annual report in the final quarter of financial year 2016-17 on how it:</p> <ul style="list-style-type: none"> – assesses the quality of services it provides on behalf of the IJB – ensures the regular evaluation of those services as part of an integrated cycle of service improvement <p>6. The IJB directs NHS Lothian Health Board, through its officers, to provide financial analysis, budgetary control and monitoring reports as and when requested by the IJB. The reports will set out the financial position and outturn forecast against the payments by the IJB to NHS Lothian Health Board in respect of the carrying out of integration functions. These reports will present the actual and forecast positions of expenditure compared to Operational Budgets for delegated functions and highlight any financial risks and areas where further action is required to manage budget pressures.</p>
16.	Relevance to or impact on other Lothian IJBs and/or other adjoining IJBs	<p>NHS Lothian Health Board carries out functions across four local authority areas. Some of the functions that will be delegated to the Lothian IJBs are currently provided as part of a single Lothian-wide service, commonly referred to as “hosted services” and identified in Section 8 of this Direction. As such there is not currently a separately identifiable budget for those services by local authority area.</p> <p>NHS Lothian Health Board has identified a budget for “hosted services” integrated functions based on an apportionment of the relevant NHS Lothian budgets.</p>
