

**DEVELOPMENT AND TRANSPORT POLICY DEVELOPMENT AND SCRUTINY PANEL**

**WEST LOTHIAN LOCAL DEVELOPMENT PLAN – PROPOSED PLAN**

**REPORT BY HEAD OF PLANNING, ECONOMIC DEVELOPMENT & REGENERATION**

**A. PURPOSE OF REPORT**

The purpose of this report is to advise the panel of the outcome of consultation on the West Lothian Local Development Plan (LDP) and to set out the next stages for progressing the LDP for submission to the Scottish Government's Planning and Environmental Appeals Division (DPEA) for Examination.

**B. RECOMMENDATION**

It is recommended that the panel notes and considers the following recommendations which are intended to be submitted to Council Executive for approval:

1. approves the contents of the Proposed Schedule 4's for submission to the Scottish Government's Planning and Environmental Appeals Division (DPEA) (Appendix One) a hard copy of which are available for viewing from Committee Services;
2. approves the contents of the West Lothian Housing Land Position Statement for submission to the DPEA to assist in the LDP Examination (Appendix Two);
3. approves the contents of the West Lothian Countryside Belt Position Statement for submission to the DPEA to assist in the LDP Examination (Appendix Three);
4. approves the contents of the West Lothian Local Landscape Designation Position Statement for submission to the DPEA to assist in the LDP Examination (Appendix Four);
5. approves the contents of the West Lothian Education Position Statement for submission to the DPEA to assist in the LDP Examination (Appendix Five);
6. approves the contents of the West Lothian LDP Statement of Conformity with the Participation Statement for submission to the DPEA as part of the LDP Examination process (Appendix Six);
7. approves the list of minor changes proposed by the council to the West Lothian Local Development Plan Proposed Plan and agrees the details of proposed changes to the West Lothian Local Development Plan for consideration by the Reporter at Examination (Appendix Seven);
8. delegates authority to the Head of Planning, Regeneration and Economic Development in consultation with the Executive Councillor for Development and Transportation to make non-substantive (minor) or technical changes to

the Schedule 4 documents including consolidating the Schedule 4s to reduce them in number prior to submission of the LDP and associated documents to the DPEA for Examination;

9. delegates authority to the Head of Planning, Regeneration and Economic Development in consultation with the Executive Councillor for Development and Transportation to make non-substantive (minor) or technical changes to the Position Statements and to update the draft Action Programme and Habitats Regulations Appraisal prior to submission of the LDP and associated documents to the DPEA for Examination; and

10. notes the timetable for progressing the West Lothian Local Development Plan.

## C. SUMMARY OF IMPLICATIONS

<b>I Council Values</b>	Focusing on our customers' needs; being honest, open and accountable; making best use of our resources; and working in partnership.
<b>II Policy and Legal (including Strategic Environmental Assessment, Equality Issues, Health or Risk Assessment)</b>	<p>The LDP will form part of the development plan alongside the Strategic Development Plan (SDP1) once approved. Until then it will be a material consideration in planning decisions.</p> <p>A Strategic Environmental Assessment and an Equality Impact Assessment have been prepared for the LDP.</p>
<b>III Implications for Scheme of Delegation to Officers</b>	None
<b>IV Impact on performance and performance indicators</b>	<p>Preparation of local development plans (LDPs) are statutory requirements under the Planning (Scotland) Act 2006 and Development Planning Regulations 2008. Progress of these is monitored by Scottish Government as a performance indicator for local authorities.</p> <p>Development plans require to be updated every five years. The West Lothian Local Plan was adopted on 13 January 2009. The West Lothian LDP will replace the current West Lothian Local Plan. It is anticipated that the earliest date for adoption of the LDP will be late 2016/early 2017.</p>
<b>V Relevance to Single Outcome Agreement</b>	<p><b>Outcome 1</b> - Our children have the best start in life and are ready to succeed.</p> <p><b>Outcome 2</b> - We are better educated and have access to increased and better quality learning and employment opportunities.</p> <p><b>Outcome 3</b> - Our economy is diverse and dynamic, and West Lothian is an attractive place for doing business.</p>

	<p><b>Outcome 4</b> - We live in resilient, cohesive and safe communities.</p> <p><b>Outcome 8</b> - We make the most efficient and effective use of resources by minimising our impact on the built and natural environment.</p>
<b>VI Resources - (Financial, Staffing and Property)</b>	<p>Development supported in the LDP may require additional infrastructure to be provided. The Proposed Plan sets out that necessary infrastructure should be funded by the development industry. However, the council's Local Infrastructure Fund may be able to assist with forward funding some improvements. The council, alongside the SESplan member authorities is also progressing with a City Deal for the Edinburgh and South East Scotland area which could also assist in infrastructure delivery.</p> <p>A number of site submissions for the LDP relate to land in council ownership. Should some of these sites be included in the LDP, there is potential for the council to generate capital receipts and/or bring forward sites for future affordable housing requirements.</p>
<b>VII Consideration at PDSP</b>	<p>A report on the Proposed Plan was considered by the Development and Transport PDSP on 7 September 2015.</p>
<b>VIII Other Consultations</b>	<p>Community Planning Partnership, Education, Finance and Estates, Legal Services, Housing and Building Services, Operational Services. All elected members were invited to briefing sessions on the LDP prior to reporting to this PDSP.</p>

## **D. TERMS OF REPORT**

### **D1 Background**

Preparation of a development plan is a statutory requirement under the terms of the Planning etc (Scotland) Act 2006. The development plan sets out how places should change and what they could be like in the future. They set out what type of development should take place and where, and which areas should not be developed. They also give an indication as to when development is anticipated to be delivered, inform decisions on investment in infrastructure e.g. schools and roads, and are used to inform decisions on planning applications. Development plans must be reviewed every five years.

The current development plan for West Lothian comprises the Strategic Development Plan for Edinburgh and South East Scotland (SDP), approved by Scottish Ministers in June 2013 and the West Lothian Local Plan (WLLP), adopted by West Lothian Council in January 2009. The plan is also supported by a range of supplementary guidance.

The WLLP is in the process of being replaced by the West Lothian Local Development Plan (LDP). The LDP Proposed Plan was published for consultation in October 2015 and sets out where new developments are proposed and the policies that will guide decision-making on planning applications. The LDP covers a ten year period from 2014 – 2024 but also provides an indication of longer term planning strategies. The Proposed Plan can be viewed at <http://www.westlothian.gov.uk/proposedplan>

## **D2 LDP Proposed Plan Consultation**

Following approval by the Council Executive on 15 September 2015, the LDP Proposed Plan was published for a 6 week consultation period. A statutory notice advising of publication of the Proposed Plan was published in local newspapers. Consultation was carried out with all interested parties including communities in West Lothian, community councils, key agencies such as Scottish Natural Heritage (SNH), NHS Lothian and the Scottish Environment Protection Agency (SEPA), as well as landowners and their agents and the development industry and a series of publication consultation events were held.

The consultation commenced on 12 October 2015 and ended on 22 November 2015. Interested parties were invited to make comment via an online consultation portal, written submissions or via a dedicated email address. A number of consultation events were held across the plan area for all interested parties to engage, including meetings with community councils. In addition, a variety of methods were used to advise and engage with interested parties including use of Facebook, Twitter, eNewsletter, West Lothian Citizen's Panel and the council's web pages.

The consultation resulted in 728 submissions being received. All submissions have been acknowledged and are available to view on the council's web pages at <http://www.westlothian.gov.uk/proposedplan>. Out of the total number of representations received, 36% related to Linlithgow, the highest proportion of comments from a single community.

A number of representations, 113 in total, submitted through the online consultation portal were recorded as incomplete, however, these have been acknowledged and any discernible issues have been responded to. It would be the intention to submit these to the Examination process in order that the appointed Reporter is aware of the submissions having been received.

In addition, six submissions were received after the closing date for receipt of comments and consequently cannot be considered. In these instances, the respondents have been advised that their submissions were received out of time. However, it would be the intention to submit these to the Examination process in order that the appointed Reporter is aware of the submissions having been received.

A requirement of the new planning legislation governing the preparation of LDPs is that the LDP is submitted to the Scottish Government's Planning and Environmental Appeals Division (DPEA) for Examination. The report on the Examination is generally binding on the council. Previously, the council could decide to accept or reject a reporter's findings.

Prior to the start of the Examination, the Planning etc (Scotland) Act 2006 requires the council to prepare a Statement of Conformity with a Participation Statement for the LDP which sets out how the council has engaged with interested parties on the LDP. The council's Participation Statement is set out in Development Plan Scheme No.10, approved by the Council Executive on 1 March 2016.

The Statement of Conformity with the Participation Statement is submitted to the Scottish Government DPEA for consideration. Before the Reporter considers any issues raised in the representations made to the LDP following consultation (and the council's response to these). The Reporter appointed to undertake Examination of the LDP must consider that Statement of Conformity. The proposed Statement of Conformity with the Participation Statement for the West Lothian LDP is set out in Appendix Six.

Where the Reporter finds that the council has not acted in conformity with the Participation Statement, Scottish Ministers will set out further steps that the council will be required to take with regard to consultation or public involvement. This may lead to a requirement to modify the LDP and re-consult. Such a scenario will lead to delays in the timetable towards adoption of the LDP but this is an unusual occurrence.

### **D3 *Representations to the Proposed Plan and Schedule 4s***

In preparing the council's response to the representations the council is required to group the representations by issue and respond to these in a standard format known as a Schedule 4 (Schedule 4 of the Town and Country Planning (Development Planning) (Scotland) Regulations 2008). The Schedule 4s contain a summary of all unresolved issues/representations received to the LDP, details of any modifications sought by the respondent, the council's response to these and any changes that the council would be prepared to support to the LDP. Notwithstanding, the full submissions are forwarded to the Reporter as part of the Examination process. Table 1 advises of the number of representations received for each settlement.

A list of the proposed Schedule 4 documents is contained in Tables 2a and 2b to this report. The list provides details of the proposed grouping of issues. There are 188 Schedule 4s in total. To assist in the Examination process, the Schedule 4s have been drafted to reflect issues reflecting individual settlements, policy matters and plan-wide issues including the spatial strategy (including core development areas and strategic allocations), affordable housing, housing land supply, transport, countryside belt and landscape designations, developer contributions, education, economic development, biodiversity and wildlife, flooding and miscellaneous issues.

In addition, the council has received requests for new sites to be included in the LDP which had not previously been intimated to the council.

Of all submissions received, a number related to requests for re-consideration of sites which were submitted at Main Issues Report stage in 2014 but which were not subsequently allocated in the proposed plan published in October 2015. Table 3 provides details of sites not previously intimated to the council but which came forward through consultation on the proposed plan.

The representations made in relation to all these sites have been assessed and the council's response set out in the relevant Schedule 4s. It is not proposed to alter the LDP to include any of these sites.

In considering representations received to the LDP, legislation governing the preparation of LDPs, in this instance Scottish Government Planning Circular 6/2013: Development Planning, there are four options open to the council:

1. where all representations have been withdrawn or have been taken account of by non-notifiable modifications, the council can make minor modifications to the LDP and then submit the plan to Scottish Ministers and advertise intention to adopt the LDP.
2. where there are unresolved representations, the council can decide not to make 'notifiable modifications' (i.e. significant modifications) and publish the plan with non-notifiable modifications such as minor wording or typographical changes), and submit it to Scottish Ministers;
3. where there are unresolved representations, the council can decide to make 'notifiable modifications' i.e. modifications which add, alter, remove or significantly alter any policy/proposal; or
4. where modifications change the underlying aims or strategy of the Proposed Plan, the council can prepare and publish a new LDP.

In preparing development plans, Scottish Ministers expect that priority is given to progress plans to adoption as quickly as possible. Scottish Ministers also advise that pre-Examination negotiations and notifiable modifications can cause significant delay and so should not be undertaken as a matter of course but only where the council is minded to make significant changes to the plan.

The current West Lothian Local Plan is more than five years old and is now subject to challenge through planning appeals. Recent examples of appeals include Brotherton Farm, Livingston and a site at Main Street Dechmont. In addition, Scottish Ministers have announced that appeals for 100 houses or more would be called in by the Minister for determination. The frequency of appeal challenges and call in may increase over time. The submissions received to the LDP have given rise to unresolved representations which will require to be determined by the reporter appointed to examine the LDP. As the Proposed Plan represents the council's settled position for the future development of West Lothian, it is not proposed to change the LDP in respect of these submissions. Option 2 is, therefore, the preferred option i.e. submission of the LDP together with the council's response to the submissions for Examination and is commended to the panel.

The Examination process is regarded as the most appropriate vehicle for dealing with unresolved representations i.e. those matters on which the council does not propose to change the LDP. It also allows for the council to advise the Reporter of those representations where there may be merit in changing the LDP.

A key consideration for the LDP has been the approach to Linlithgow. The Proposed Plan allocates a number of sites in the town for development following a sequential approach. These allocations and the approach to development in the town have attracted most comment as has proposed residential development sites in Broxburn and Livingston. The proposed response to these submissions is set out in the relevant Schedule 4s. In all cases it is proposed to maintain the approach set out in the LDP which is considered robust and defensible, and not to make any substantive changes to the LDP or the spatial strategy.

A number of changes are, however, required to the Proposed Plan to correct drafting errors in the document, update it and to address comments received following consultation. The proposed changes are considered to be minor changes and, therefore, do not require to be the subject of further public consultation. The proposed changes are set out in Appendix Seven and cover matters such as mapping errors or incorrect references to specific school catchment areas and text clarification. These changes, however, would be submitted to the DPEA for consideration.

In addition, following consideration of the comments received to the LDP, a number of areas have been identified where there may be merit in altering the plan without having any significant impact on the council's settled position. Where this is the case, these have been identified in the Schedule 4s with the Reporter being advised that if he/she was to see merit in changing the LDP, then the council would accept the change set out. Details of these are set out in the relevant Schedule 4s and Appendix Seven.

#### **D4 *Position Statements***

In order to assist in the Examination process and the preparation of the Schedule 4s, a number of Position Statements have been prepared which set out the background and justification for the council's position in relation to major land use issues such as housing land, countryside belts and landscape protection, and education. These are provided as Appendices One to Seven. DPEA has been consulted on the proposed approach to the preparation of the Position Statements and has advised that this is acceptable. It is intended that the Position Statements would form core documents to the LDP Examination and referred to in the Schedule 4s.

In terms of housing land, the position statement advises that the scale of housing development proposed is set by the approved SDP1 and its associated Supplementary Guidance for Housing (SG) which sets the housing land requirement for the area. A Housing Needs and Demand Assessment (HoNDA 1) also informed the SG. It was HoNDA 1 which formed the basis of the housing requirements set out in SDP1 and the SESplan Supplementary Guidance on Housing. The Housing Needs and Demand Assessments can be accessed on [www.sesplan.gov.uk](http://www.sesplan.gov.uk).

While the LDP must conform to the SDP, it should also take account of material circumstances which update elements of the SDP strategy.

Since publication of the MIR and adoption of the SESplan Supplementary Guidance on Housing, a new Housing Needs and Demand Assessment (HoNDA 2) has been published to inform the preparation of SDP2. The proposed plan for SDP2 was considered by the SESplan Joint Committee on 30 May 2016. HoNDA 2 incorporates the 2012 Based Household Projections, as opposed to the 2010 based projections which were the basis of HoNDA 1. The proposed plan for SDP2 indicates a shift in the scale of housing land and tenure that will be required across the SESplan area over the period 2018-2030. This will have an impact on the content of the next iteration of the LDP.

For this reason the LDP continues to meet the housing requirements set out in the SDP in full. Indeed the LDP exceeds the SDP requirements and in doing so provides for further flexibility and generosity. However, the LDP has begun to address the changing demand for housing both in terms of tenure and scale flagged up by HoNDA 2. In particular the most up to date demand figures will be used to calculate the five year housing land requirement in the context of a revised housing land audit process which will compare supply and demand in each sector rather than as a single figure as has been the case until now.

In terms of education, the LDP is predicated on the delivery of new education provision at primary and secondary school level, principle amongst these is the delivery of secondary schools associated with development of the core development areas. The requirement for developer contributions for the delivery of education provision remains.

#### **D5 *Strategic Environmental Appraisal (SEA)***

The three consultation authorities, SNH, SEPA and Historic Environment Scotland, all submitted comments on the Proposed Plan. A meeting was held with these three bodies and there was discussion on the process. Their specific issues are addressed within the related Schedule 4.

#### **D7 *Action Programme and Habits Regulations Appraisal***

The LDP is supported by a draft Action Programme. The Action Programme sets out the proposals in the LDP together with responsible authority and anticipated timeframe for delivery. The Action Programme has been the subject of comment. The proposed response to this is set out in the related Schedule 4. It is a requirement of legislation that the Action Programme is submitted to Scottish Ministers alongside the Proposed Plan. The Action Programme is a live document which is updated every two years. Delegated authority is sought to update the Action Programme prior to submission to the DPEA.

A Habitats Regulations Appraisal (HRA) was prepared in support of the LDP Proposed Plan, including appropriate assessment. A requirement of the legislation is that this is submitted to Scottish Government alongside any relevant correspondence from SNH. SNH has advised that the HRA meets the requirements of the Conservation (Natural Habitats, &c) Regulations 1997 (as amended). Delegated authority is sought to make minor changes to the HRA for submission to the DPEA.

#### **D8 *Next Stages/Timetable***

It is anticipated that an Examination of the LDP by a Scottish Government Reporter will commence later this year. Officers are in liaison with the DPEA regarding the submission and anticipated Examination process. At the conclusion of the Examination a report will be prepared by the Reporter and submitted to the council. The Reporters findings are, in all but exceptional cases, binding on the council. Adoption of the LDP is anticipated in late 2016/early 2017.

### **E. CONCLUSION**

The West Lothian LDP Proposed Plan has been the subject of public consultation. The proposed response to the submissions received is set out in the Schedule 4s which, once agreed by the Council Executive, will be submitted for Examination alongside the LDP.
