

7. WEST LOTHIAN EARLY ADOPTER UPDATE

The Board considered a report (copies of which had been circulated) by Martin Higgins, NHS Lothian providing an update on the progress of the two whole system early adopter projects which focus on Type 2 Diabetes and Mental Wellbeing. The report also provided details of the phase 1 funding application for community engagement work in Whitburn as part of the Type 2 Diabetes project.

The Board was asked to :-

1. Note progress establishing core groups to deliver the early adopters whole system work on Type 2 Diabetes and Wellbeing;
2. Note the application to the East Region Programme Board for £10,000 “Discovery Phase” funding for the Type 2 Diabetes early adopter programme; and
3. Recognise the importance of the CPP Board leadership role in whole system working,
