

4. FIRE WARD REPORT

The Committee considered a report (copies of which had been circulated) by Scottish Fire and Rescue Service updating on the activity within Livingston North Multi-Member Ward for the period up to 31 March 2021.

The requirement for smoke and heat alarms to be installed in homes by February 2022 was raised with regards to ensuring residents were aware of the requirement and how to procure installation. The Scottish Fire and Rescue Service confirmed they would provide information to those they engaged with and The Head of Planning, Economic Development and Regeneration advised local messages would be organised to assist with communication.

The Committee were invited to note the report.

Decision

1. To note the terms of the report; and
2. To note the Head of Planning, Economic Development and Regeneration would arrange local messages explaining the Scottish Government requirement for inter-linked smoke and heat alarms in all homes from February 2022.
