Agenda Item 10

Underground Refuse Scheme Council Meeting 23rd November 2021

West Lothian Council SNP Group notes that the proposed introduction of another bin would be impractical to those who live in flats. Acknowledging that currently there is no storage available. Where we have many flatted dwellings, the aesthetics of the area are dampened by many bins being left out almost on a permanent basis. These bins being left out contribute to many of the issues around littering in the area.

The SNP Group notes that not having the requisite bins hampers many flat dwellers from participating in recycling.

The SNP Group calls on Council to:

- Agree to investigate a pilot scheme for underground waste disposal in Craigshill, an area with many flats
- Officers to prepare a report for the Environment PDSP, February 22, on the options available, feasibility and costs of an initial pilot
- Officers to prepare a report on the areas suitable for a roll out of such a scheme and the estimated costs of the total scheme and potential phasing of such a scheme.
