Current Challenges....

Ongoing impact of COVID includes:

- Lower progress than usual in reading and comprehension
- Gaps in basic numeracy knowledge & skills
- Increased issues generating from outside school
- Presentation of increased levels of anxiety and mental health
- Continuing absences

Learning from COVID includes:

- Flexible approaches to where and how we learn, work and collaborate
- Increased digital skills
- Need for agile learning

Priorities for this year....

- PSE curriculum updated further to reflect current needs
- Additional focus on supporting mental health
- Supporting wellbeing of students and staff

- All teachers working through phase 3 of the improvements to learning & teaching programme
- Accelerated reading programme to improve S1-3 students' reading skills
- Additional BGE periods focussing on improving students' numeracy skills

- *Target grades added to S4-6 tracking*
- *Continued focus on quality of feedback within reports*
- *DYW bulletin used to raise awareness of career opportunities*
- *Supporting students to gain a positive destination*
