

## QUARTERLY CLIMATE CHANGE UPDATE

The panel considered a report (copies of which had been circulated) by the Head of Planning, Economic Development and Regeneration presenting the first of the agreed quarterly climate change updates as set out in the new Climate Change Strategy, informing and advising of key announcements and changes in relation to climate change both during and in the period since COP26, and to present an updated design of the Climate Change Strategy which was approved at a meeting of the Council Executive on 26 October.

It was recommended that the Panel:

1. Note the content of the report, including the changes to public sector reporting from March 2022, and;
2. Note the updated design of the Climate Change Strategy 2021 – 28 attached as Appendix 1, and that this version would now be published on the council's internet and intranet.

### Decision

To note the terms of the report.
