

The committee considered a report (copies of which had been circulated) by the Depute Chief Executive (Education Planning and Economic Development) informing members of progress on partner activities, local planning in the four regeneration areas and other activities within the ward.

It was recommended that the committee note:

1. The successful delivery of winter events and activities;
2. Regeneration activity across the ward including recent engagement undertaken around locality planning and the West Lothian Local Outcome Improvement Plan (LOIP); and
3. Business Gateway and access2employment activity.

Decision

To note the terms of the report.
