2 COVID RECOVERY FUND UPDATE REPORT

The committee considered a report (copies of which had been circulated) by the Lead Officer providing an update on the projects allocated funding from the £150,000 COVID-19 Recovery and Renewal Fund approved by the committee on 14 December 2021. The report also provided an update on projects from the original list that were to be funded from resources available under the Town Centre Management Fund.

It was recommended the committee note the update on the approved projects.

During discussion, officers provided specific updates on each of the projects and advised that further updates would be provided to members as projects progressed as well as on final costings when those were calculated.

Decision

1. To note the terms of the report.
2. To note that regular progress updates would be provided to members on delivery of projects and on final costings.
