

DRAFT
INTEGRATION SCHEME
BETWEEN
WEST LoTHIAN COUNCIL
AND
NHS LoTHIAN

(Council Executive, 24 March 2015)

INTRODUCTION TO THE INTEGRATION SCHEME

This document is in two parts.

This first part of the document is a general Introduction and explanation of the vision and intentions of the council and NHS Lothian. The legislation leaves many things to be decided by the Integration Authority when it is established. Nevertheless, building on the successful West Lothian Community Health and Care Partnership model and working arrangements which have been in place since 2005, the council and NHS Lothian have a joint vision of the arrangements which will assist the Integration Authority in developing its Strategic Plan and carrying out its statutory role, and this Introduction sets out some of that vision.

The second part is the formal Scheme which has been agreed between the council and NHS Lothian and approved by both for submission to the Scottish Government for approval in accordance with section 7 of the Public Bodies (Joint Working) (Scotland) Act 2014 (“the Act”). It contains the provisions required by the Act and associated regulations, and those are the provisions which will be approved and which will be binding on the council, NHS Lothian and the new Integration Authority.

It is though essential to understand that the contents of this Introduction are not part of the Scheme and so will not be binding on the Integration Authority – when it is constituted it will be entitled in law to make its own decisions.

Aims and Outcomes of the Integration Scheme

The main purpose of integration is to improve the wellbeing of families, of communities and of people who use health and social care services, particularly those whose needs are complex and involve support from health and social care at the same time.

The Integration Scheme is intended to achieve the statutory National Health and Wellbeing Outcomes namely:-

1. People are able to look after and improve their own health and wellbeing and live in good health for longer.
2. People, including those with disabilities, long term conditions, or who are frail, are able to live, as far as reasonably practicable, independently and at home or in a homely setting in their community.
3. People who use health and social care services have positive experiences of those services, and have their dignity respected.
4. Health and social care services are centred on helping to maintain or improve the quality of life of service users.
5. Health and social care services contribute to reducing health inequalities.

6. People who provide unpaid care are supported to look after their own health and wellbeing, including to reduce any negative impact of their caring role on their own health and wellbeing.

7. People who use health and social care services are safe from harm.

8. People who work in health and social care services feel engaged with the work that they do, and are supported to continuously improve the information, support, care and treatment they provide.

9. Resources are used effectively and efficiently in the provision of health and social care services.

The vision of the Parties is to enhance and develop the delivery of integrated health and social care services to the population of West Lothian with the intended impact of increasing the wellbeing of West Lothian citizens and reducing health inequalities across all communities in West Lothian.

In order to achieve this vision the Parties are strongly committed to the development of a preventative outcomes-based approach focusing on effective early interventions to tackle health and social inequalities. They will assist the Integration Authority to develop such an approach through their Board members and the support services to be provided by them to the Integration Authority.

The work of the Integration Authority, and in particular the preparation of its Strategic Plan, will be guided by the integration delivery principles, namely:-

- that the main purpose of services which are provided in pursuance of integration functions is to improve the wellbeing of service users,
- that, in so far as consistent with the main purpose, those services should be provided in a way which, so far as possible:-
 - is integrated from the point of view of service users
 - takes account of the particular needs of different service users
 - takes account of the particular needs of service users in different parts of the area in which the service is being provided
 - takes account of the particular characteristics and circumstances of different service users
 - respects the rights of service users
 - takes account of the dignity of service users
 - takes account of the participation by service users in the community in which service users live
 - protects and improves the safety of service users
 - improves the quality of the service
 - is planned and led locally in a way which is engaged with the community (including in particular service users, those who look after service users and those who are involved in the provision of health or social care)

- best anticipates needs and prevents them arising
- makes the best use of the available facilities, people and other resources.

Name of the Integration Authority

The legislation does not specify what name should be given to the new Integration Authority – it prescribes what form the body should take, but not the name to be used. The Parties have agreed that the name to be used for the Integration Authority in West Lothian should be “West Lothian Health and Social Care Partnership Board”. It is referred to in the rest of this Introduction and in the Scheme as “the Board”.

The Chief Officer, or Director

The legislation requires the Board to appoint a Chief Officer who has responsibilities to the Board and for the management and operational delivery of the integrated functions. The Parties have chosen to use the word “Director” instead of Chief Officer – that designation fits better with terminology used within the Parties’ existing organisations and using the phrase “Chief Officer” risks confusion with the Chief Finance Officer to be appointed, the Chief Finance Officer of the council and even the Chief Executives of both Parties.

The Director has responsibilities which are set out in the legislation, and which will be contained in a separate document to be approved by the Scottish Ministers under section 10 of the Act.

As well as the responsibilities of the post in relation to the integrated functions, the post will carry additional responsibilities and duties in relation to council and health board functions and services that are not integrated. The Director is in addition responsible for ensuring that service delivery improves the agreed outcomes and any locally agreed responsibilities for health and wellbeing and for assisting the Board in measuring, monitoring and reporting on the underpinning measures and indicators that will demonstrate progress.

Role of the Board

The Board is to be established as a separate and distinct legal entity from the council and the health board. All three bodies have their own roles to play under this Scheme and to deliver on agreed outcomes – the Board’s role is strategic and the council’s and health board’s roles are operational.

The legislation contains many legal requirements in relation to the Board’s membership and constitution, but allows for some voluntary additional rules to be put in place. As part of the support services to be provided to the Board prior to and after its establishment the Parties will co-operate in preparing a proposed structure and draft constitutional documents to assist the Board in meeting those legal requirements, and including any voluntary additional rules the Parties consider are appropriate. On its establishment, the Parties intend that the Board will adopt that structure and those constitutional documents, but they recognise that the Board has the ultimate legal power to make those decisions for itself.

The Board’s task is to set the strategic direction for the delegated functions through the Strategic Plan developed by its Strategic Planning Group in accordance with the

policy framework and direction set by the Parties, and which will inform the method of determining the budget contributions to be made by the Parties. It receives payments from the council and health board determined in accordance with this Scheme to enable it to deliver on local strategic outcomes. It gives directions to the council and health board as to how they must deliver carry out the delegated functions in pursuit of the Strategic Plan and allocates payments to them to permit them to do that.

The practical and day-to-day link amongst the three bodies is the Director. The Director reports to the Board on strategy, finance and performance, and is responsible to the council and health board for the management and delivery of the delegated functions in accordance with this Scheme and in accordance with the directions issued by the Board to the Parties.

As well as being responsible for the Strategic Planning Group and the Strategic Plan, the Board also requires to publish an annual financial statement and an annual performance report covering both service delivery and financial performance. The members of the Board therefore have a role to play in the strategic oversight and scrutiny of the performance by the council and the health board of their roles in complying with directions from the Board and in implementing the Scheme, and will be able to carry out those responsibilities through receipt of regular and detailed reports on service and financial performance at Board meetings and advice about them at those meetings from the Director and other senior advisers.

As well as the requirement for the Parties to provide service and performance information to the Board, the Parties recognise that it is important that they are given assurance about the Board's performance of its roles and responsibilities in relation to its financial management of the budget to which the Parties will have contributed and its strategic role within the policy framework set by the Parties. The Parties intend that arrangements will therefore be put in place to ensure that regular monitoring reports are made by the Director to the Parties to assist them in that regard.

Board Membership

The legislation sets out the compulsory and additional Board membership but only requires the Scheme itself to say how many voting members will be appointed by the Parties. The Parties consider it is helpful in understanding the Scheme and how the Board will operate to set out those statutory rules about membership here in this Introduction.

Prior to the Board being constituted it will have the following members who will be appointed, will remain as members and will have their membership terminated in accordance with the Scheme and the governing legislation.

- There will be four West Lothian councillors as voting members on the Board, chosen by the council, and appointed for periods of three years unless their appointment is terminated earlier. The first period of appointment shall start on the date the Board is established. Members leaving their position at the end of a three year period are eligible for reappointment.
- There will be four health board members as voting members on the Board, chosen by the health board and appointed for periods of three years unless

their appointment is terminated earlier. The first period of appointment shall start on the date the Board is established. Members leaving position at the end of a three year period are eligible for reappointment.

- The council's Chief Social Work Officer will be a non-voting member.
- A registered medical practitioner chosen by the health board from its list of primary medical services performers will be a non-voting member.
- A registered medical practitioner chosen by the health board and employed by it otherwise than in the delivery of primary medical services will be a non-voting member.
- A registered nurse chosen by the health board and who is either employed by it or by a person or body with which the health board has entered into a general medical services contract will be a non-voting member.
- The Director will be a non-voting member.
- The Finance Officer shall be a non-voting member.

After it is constituted, the Board is to appoint in addition the following as non-voting members:-

- One member in respect of the combined staff of the Parties engaged in the provision of the delegated services covered by the Scheme.
- One member in respect of third sector bodies carrying out activities in West Lothian in relation to health or social care.
- One member in respect of service users in West Lothian.
- One member in respect of persons providing unpaid care in West Lothian.

In order to assist in the integration process, the Parties in preparing and agreeing their draft Scheme for consultation, agreed that it would be appropriate for there to be two Board members appointed in respect of the combined staff of the Parties engaged in the provision of the delegated services covered by the Scheme. That cannot be imposed on the Board as a requirement, since the Board must appoint its own additional Board members after it is established, but the Parties have agreed that they will co-operate in promoting that additional appointment after the Board is set up.

The Board has the legal power to appoint additional members if it wishes to do so, and the Parties recognise that the Board has the final decision-making powers about those additional members. The Parties however recognise the importance of close co-operation and working in securing the delivery of the outcomes and the success of the Board and so they have agreed that they will co-operate in securing the Board's agreement that it shall consult with them prior to making any such appointments and shall take their respective views into account in that process.

Corporate Governance

Apart from a requirement for the Board to establish Standing Orders containing certain prescribed rules, the legislation does not require any content in the Scheme in relation to the important aspect of corporate governance. The Parties nevertheless consider it appropriate and a matter of good practice to set out their intentions. Although they cannot restrict the Board's ability to decide and make its own structures and rules, nevertheless the Parties have agreed an approach which recognises the place and importance of good corporate governance in any public body.

Corporate governance is a means of showing that the Board is properly run. It refers to the systems by which the an organisation directs and controls its functions and relates to the community. Good corporate governance will demonstrate to the Board's stakeholders and everyone interested in the delivery of the integrated functions that the Board is well organised to direct their delivery.

In accordance with principles of good corporate governance, on its establishment the Parties shall assist and encourage the Board to adopt and abide by sets of rules and procedures designed to ensure that:-

- the Board has a defined and effective decision-making structure
- decisions are taken by a body or person with the power to do so
- decisions are taken with regard to all relevant factors and circumstances, including access to health and social care professional advice, financial advice, risk advice and legal advice
- decisions are taken in a way which is open and transparent and with public access available unless in defined and exceptional circumstances
- decisions are properly recorded
- structures are in place to ensure decisions are acted upon and implemented
- legislation, rules and professional practice standards and guidelines about financial reporting and accounting practice are applied
- systems are in place to ensure performance and legal and financial compliance are monitored and scrutinised and any failures reported to the Board.

These are systems and procedures such as financial controls, decision-making procedures, standing orders, the risk register, internal audit service and codes of conduct.

They should cover matters such as the creation of committees and sub-committees, and their membership and remits; the calling of meetings and giving notice of meetings and meeting papers to members and to the public; the regulation and conduct of meetings and the keeping of a record of proceedings; wide public access to meetings and meeting papers and records; delegation of powers and authority to the Director and other officers of the Board; roles and responsibilities of Chair, Vice-Chair and Board members; payments to Board members; financial and performance monitoring and reporting; the management of risk; internal audit arrangements; and relationship with external auditors.

Audit

In relation to internal and external audit of its accounts, the Board is subject to the recently introduced regime of internal and external audit and governance under the Local Authority Accounts (Scotland) Regulations 2014. The legislation does not call for the Scheme to contain provisions in relation to these important aspects of financial governance, but the Parties nevertheless consider that they should prepare the way for the Board to make appropriate arrangements and to comply with its statutory responsibilities.

The way in which it will comply with those requirements is ultimately for the Board to determine when it is established but the Parties have agreed to encourage the Board to establish a Risk, Audit and Governance Committee to take a pro-active approach

to risk, audit and governance and to have a scrutiny and advisory role in relation to those matters. It should not be a decision-making committee – it will have a scrutiny function and will be able to make recommendations to the Board about the matters within its remit. It will however be for the Board to accept or reject its recommendations and take whatever action it considers appropriate.

The functions of the committee will be carried out with the support of the Parties, and the Board and the Parties shall co-operate in ensuring the committee operates as an effective tool of corporate governance. The Parties shall make arrangements for the provision of the professional services and advice the Board needs in relation to the keeping of its accounting records and financial statements and their audit as it will for other more general support services which the Board will require in order for it to function.

Business Continuity and Emergency Planning

Although the legislation does not require the Scheme to make express provision for business continuity planning, the Parties nevertheless consider that appropriate and adequate arrangements should be made and that they are reviewed periodically and monitored for their effectiveness. The Parties shall therefore build on the existing arrangements in place through the West Lothian Community Health and Care Partnership, and shall develop those in the context of the statutory integration process and structure, under the control of the Director as part of the management arrangements applying to that post.

The Board will be able to seek assurance from the Director and from the Parties that appropriate business continuity and emergency planning arrangements are in place.

Procurement & Contracts

The Board does not have specific powers in relation to public procurement, only the general power to enter into contracts for any goods and services it requires to enable it to carry out its statutory role and functions. Any advice required in relation to future procurement or contract needs shall be provided by the Parties in accordance with the agreement they will put in place in relation to general support services the Board shall require to allow it to operate.

Strategic Plan

The Board is to approve a Strategic Plan through its Strategic Planning Group in accordance with legislation. The Board has the legal authority to develop and approve a Plan of its own making. However, the Parties have agreed that the Board should be encouraged to develop and approve a Strategic Plan to cover the next decade, and that it should detail the high level outcomes to be achieved; the performance management approach to monitor progress against these; the strategic commissioning priorities for the Board; and a rolling three year action plan which will be reviewed and updated on an annual basis. Development of an approach like that will assist the Parties and the Board in financial planning and policy making and assist in the achievement of goals, aims and outcomes.

Community Planning and Localities

Upon the enactment of the Community Empowerment (Scotland) Bill the Board will be a strategic partner within West Lothian's community planning arrangements and the Board's Strategic Plan will require to support wider community planning processes, in particular in delivering the agreed outcomes as defined in the West Lothian Community Planning Partnership Single Outcome Agreement.

The high level outcomes will be set within the context of West Lothian's Community Plan and Single Outcome Agreement and the Parties intend that reporting arrangements will include a commitment to report on progress against these to the Community Planning Partnership.

The legislation requires that the Strategic Plan includes arrangements for the area of West Lothian to be divided into at least two localities, and for the Plan to include measures for strategic aspects of services to be delivered to those different localities. As an important partner in the Community Planning Partnership, the Parties will work to ensure that the Strategic Plan has regard to and is consistent with the overall approach to community planning amongst the community planning partners in West Lothian.

Clinical and Care Governance

The Council is required by law to appoint a Chief Social Work Officer to oversee and make decisions in relation to specified social work services, some of which are delegated in relation to integration functions, and to report to and alert the council and councillors of any matters of professional concern in the management and delivery of those functions. The Chief Social Work Officer has a duty to make an annual report to the council in relation to the discharge of the role and responsibilities. The Chief Social Work Officer is to be a non-voting member of the Board but the Parties consider it is important that the Board's Standing Orders and other constitutional documents shall make provision for the Chief Social Work Officer to be given the same rights and privileges of access to the Board and Board members as they have in relation to the council and councillors. They also consider it to be a requirement of good corporate and care governance that the Board should adopt, that the Chief Social Work Officers shall also be required to make an annual report to the Board in relation to the aspects of their position which relate to the delivery of the delegated functions.

The Chief Social Work Officer will retain all of the statutory decision making and advisory powers they are given by statute and guidance, and the Director shall not be entitled to countermand or over-rule any decisions or instructions given by the Chief Social Work Officer in carrying out that statutory role.

The West Lothian Community Health and Care Partnership has as part of its arrangements in relation to clinical and care governance appointed a Clinical Director to advise and report to that Partnership Board. That arrangement will continue, with the Clinical Director being appointed by NHS Lothian to that role. The Parties consider it is important that the Board's Standing Orders shall ensure that the Clinical Director is given the same rights and privileges of access as are to be afforded to the Chief Social Work Officer, and that the Clinical Director shall also be

required to make an annual report to the Board in relation to the aspects of their position which relate to the delivery of the delegated functions.

The Clinical Director and Chief Social Work Officer will also have roles in providing regular reports and professional advice to the Board, to its Risk Audit and Governance Committee should it establish such a committee, and to the Strategic Planning Group in addition to reporting into the committees established by the Parties in relation to risk, audit and governance matters.

Staff

The employment status of staff will not change as a result of this integration scheme ie staff will continue to be employed by their current employer and retain their current terms and conditions of employment and pension status.

Review

The Act calls for the Scheme to be reviewed by the Parties jointly within five years of it being approved. In addition, one or both of the Parties can require that the Scheme is reviewed at any time, or that a new Scheme is put in place, and that review is to be carried out jointly by the Parties. When the Scheme is reviewed, the Parties will carry out a consultation process as required by the Act prior to obtaining approval.

The Act also calls for the Strategic Plan to be reviewed every three years, or for a new Plan to be made at any time when called for by both the Parties where they feel the present Plan is or is likely to prevent them from carrying out any of their functions appropriately.

INTEGRATION SCHEME

1.0 The Parties

The Parties

a. The West Lothian Council, a local authority constituted under the local Government etc. (Scotland) Act 1994 and having its headquarters at West Lothian Civic Centre, Howden South Road, Livingston, West Lothian EH54 6FF (“the Council”)

and

b. Lothian Health Board, established under section 2(1) of the National Health Service (Scotland) Act 1978 (operating as “NHS Lothian”) and having its principal offices at Waverley Gate, 2-4 Waterloo Place, Edinburgh (“NHS Lothian”)

together referred to as “the Parties”

2.0 Definitions and Interpretation

“West Lothian Health and Social Care Partnership Board” is the Integration Authority in terms of the Act, and is referred to as “the Board”

“The Act” means the Public Bodies (Joint Working) (Scotland) Act 2014

“The Parties” means the Council and NHS Lothian

“The Scheme” means this Integration Scheme (but not the Introduction)

“Integration functions” means the functions delegated by the Parties to the Integration Joint Board

“Integration Joint Board” or “IJB” means the Integration Joint Board to be established by Order under section 9 of the Act

“Director” means the “Chief Officer” as referred to in section 10 of the Act

“Finance Officer” and “Proper Officer” mean the officer appointed under the finance and audit requirements in section 13 of the Act and section 95 of the Local Government (Scotland) Act 1973

“IJB Budget” means the total funding available to the Board in the financial year as a consequence of

- The payment for delegated functions from NHS Lothian under section 1(3) (e) of the Act;
- The payment for delegated functions from the Council under section 1(3) (e) of the Act; and
- The amount “set aside” by NHS Lothian for use by the Board for functions carried out in a hospital and provided for the areas of two or more local authorities under section 1(3) (d) of the Act

“Operational Budget” means the amount of budget delegated by one of the Parties to one of their managers in a financial year in order to carry out defined functions or services

“Strategic Plan” means the plan which the Board is to be prepared and implemented in relation to the delegated provision of health and social care services to adults in accordance with section 29 of the Act

“Outcomes” means the Health and Wellbeing outcomes prescribed in Regulations under section 5(1) of the Act and local outcomes set by the Parties and the Board, and set out in its Strategic Plan.

3.0 Integration Model and Integration Functions

This Scheme has been produced in accordance with the requirements of the Public Bodies (Joint Working) (Scotland) Act 2014.

In accordance with section 1(2) of the Act, the Parties have agreed that the integration model set out in section 1(4) (a) of the Act will be put in place, namely the delegation of functions by the Parties to an Integration Joint Board, a body corporate that is to be established by Order under section 9 of the Act.

The prescribed functions stated in the Act will be delegated. A list of functions delegated by the Parties to the Board, and of the services related to these functions, is appended at Annexes 1 and 2.

This Scheme comes into effect on the date the Parliamentary Order to establish the Integration Joint Board comes into force and the integration functions shall be delegated with effect from 1 April 2016.

4.0 Local Governance Arrangements

Membership

The IJB shall have the following voting members:

- a) **4** councillors nominated by the Council; and
- b) **4** non-executive directors nominated by NHS Lothian, in accordance with articles 3(4) and 3(5) of the Integration Joint Boards Order.

The Parties may determine their own respective processes for deciding who to nominate as voting members of the IJB.

Non-voting members of the IJB will be appointed in accordance with article 3 of the Integration Joint Boards Order.

The term of office of members shall be the maximum of three years prescribed by regulation 7 of the Integration Joint Boards Order. Members can be reappointed after this period.

Chairperson and Vice Chairperson

The IJB shall have a chairperson and vice-chairperson who will both be voting members of the IJB.

The position of Chair shall rotate between the Parties every two years, with the council holding the Chair for the first two years of the IJB's existence.

The term of office of the vice chairperson will mirror the arrangements for the Chair, with the holders of the posts alternating between the Parties accordingly. The provisions set out above under which the power of appointment of the chairperson will alternate between the Parties will apply in relation to the power to appoint the vice chairperson, and on the basis that during any period when the power to appoint the chairperson is vested in one Party, the other Party shall have power to appoint the vice-chairperson.

The Parties may determine their own processes for deciding who to appoint as chairperson or vice-chairperson.

Each Party may change its appointment as chairperson (or, as the case may be, vice chairperson) at any time; and it is entirely at the discretion of the Party which is making the appointment to decide who it shall appoint.

Support Services

The Parties shall provide or shall ensure the provision to the Board of the professional, technical, administrative and support services it reasonably requires. In the short term the Parties will maintain the arrangements already in place in relation to the provision of such services to the existing West Lothian Community Health and Care Partnership. In the period between approval of this Scheme and the formal delegation of functions, a sustainable longer-term solution will be developed by the Parties and the Board amongst themselves and in conjunction with the other integration authorities in the area of NHS Lothian. They shall identify the services and the extent of the support required by the Board and shall consider and have regard to the needs of the Board as well as the continuing needs of the Parties (in particular concerning financial and budgetary constraints). The provision of services shall be kept under review by the Parties and the Board to ensure adequate provision to meet the Board's needs. The cost of that service provision will be agreed by the Parties as part of the process set out in the Scheme for budget setting and the determination of the payments to be made by the Parties to the Board.

The Parties shall agree prior to the date when the Board is established the arrangements for the provision of those, and other similar services, and the way in which the cost of their provision will be borne amongst the Parties and the Board. After the establishment of the Board, the Board and the Parties shall keep under review the arrangements for the provision of support services and the costs of providing them, and shall agree amongst them such adjustments to the initial arrangements as are deemed by them to be appropriate to reflect experience and any changes in circumstances.

5.0 Delegation of Functions

The functions that are to be delegated by the NHS Board to the Board are set out in Part 1 of Annex 1. The services to which these functions relate, which are currently provided by the NHS Board and which are to be integrated, are set out in Part 2 of Annex 1.

The functions that are to be delegated by the Council to the Board are set out in Part 1 of Annex 2. The services to which these functions relate, which are currently provided by the Council and which are to be integrated, are set out in Part 2 of Annex 2.

In addition to the functions that must be delegated in accordance with the legislation, the Parties have chosen to delegate the following health functions to the IJB:

- The following health services as they relate to provision for people under the age of 18:
 - i. Primary Medical Services and General Medical Services (including GP Pharmaceutical services)
 - ii. General Dental Services, Public Dental Services and the Edinburgh Dental Institute
 - iii. General Ophthalmic Services
 - iv. General Pharmaceutical Services
 - v. Out of Hours Primary Medical Services
 - vi. Learning Disabilities.

6.0 Local Operational Delivery Arrangements

Management Arrangements

The Director shall be employed by one of the Parties and shall be seconded to the Board as its Chief Officer and a member of its staff. The Director will nevertheless be responsible and accountable to the Parties for the management and delivery of the integration functions in accordance with the directions issued by the Board to the Parties. They will be directed and managed by the Chief Executives of both Parties in that regard.

The Director is responsible to the Board for the delivery of the Strategic Plan.

The Parties and the Director shall secure the operational delivery of the integration functions in accordance with the Directions issued to the Parties by the Board.

They shall put in place a management structure, headed by the Director, to manage the delivery of and performance by them of the integration functions, and to manage the staff employed by the Parties in doing so. The integration services will be managed and delivered through close partnership working and protocols, and in conjunction with the health and social care and other functions of the Parties which are not integration functions.

The Parties shall provide the Board with information and performance management information required by it in terms of the powers conferred by the Act. The Parties recognise the importance of close co-operation and working in securing the delivery of the outcomes. The Board will therefore consult with and take account of the views of the Parties in decisions regarding the information to be provided and the dates and regularity to apply to its provision. The Director shall use that information to provide regular reports to the Board on at least a quarterly basis, and including sufficient information to ensure that the membership of the Board is able to

adequately oversee the carrying out of the integration functions by the Parties. The Board shall have the ability to request and receive such additional information in relation to service performance and financial performance as is reasonably required by them to perform that duty.

In the interests of efficient governance, the relevant committees of NHS Lothian and the Council will continue to discharge their existing remits for assurance and scrutiny of the carrying out of NHS Lothian and the Council functions, regarding matters such as internal control, quality and professional standards, and compliance with the law. The Integration Joint Board will not duplicate the role carried out by those committees other than in exceptional circumstances where the IJB considers that direct engagement by the IJB (or by a committee established by the IJB) is appropriate in order to secure the proper discharge by the IJB of its statutory responsibilities.

Each of the Parties shall use reasonable endeavours to procure that in the event that one of its committees identifies an issue which is of direct and material relevance to the Integration Joint Board, the Council will advise the Chair of the Integration Joint Board and the Director of that matter and will co-operate with the IJB in supplying such further information and evidence in respect of that matter as the IJB may reasonably request.

The Parties shall ensure that their respective standing orders, schemes of delegation and other governance documents are amended (if required) to reflect the IJB's powers and remit, and its place as a common decision-making body within the framework for delivery of health and social care within the West Lothian Area.

The Parties acknowledge that the Director's role in operational delivery will represent an important means by which closer integration of services, in accordance with the integration delivery principles specified in the Act, can be achieved. For the avoidance of doubt, the Director's role in operational delivery shall not displace:

- a) the responsibilities of each Party regarding compliance with directions issued by the Integration Joint Board; or
- b) the principle that each Party's governance arrangements must allow that Party to manage risks relating to service delivery.

In addition to the specific commitments set out above and the obligations regarding provision of information attaching to the Parties under the Act, each of the Parties will use reasonable endeavours to provide the Integration Joint Board with any information which the Integration Joint Board may require from time to time to support its responsibilities regarding strategic planning, performance management, and public accountability.

Strategic Planning

The Board is required to establish a strategic planning group to develop a strategic plan in accordance with the legislation describing the strategic vision and direction

for the Board over the next decade, within the policy framework and direction of the Parties. The Parties intend that the Strategic Plan will amongst other things to be determined by the Board when it approves the Strategic Plan detail the high level outcomes to be achieved; the performance management approach to monitor progress against these; the strategic commissioning priorities for the Board; and a rolling three year action plan which will be reviewed and updated on an annual basis.

The Board is one of four Boards in the area of the Health Board and the Parties and the Board require to work in co-operation amongst themselves and with those other local authorities and Boards in preparing their Integration Schemes, in developing their respective Strategic Plans, in the delivery of the integration functions, and in the interaction with health and social care functions which are not integrated.

In developing this Scheme the Parties have taken into account the other Schemes being developed between the health board and other councils in its area, and the effects that all of those Schemes, and this one, may have on the others.

The Board also requires to have regard to the impact its Strategic Plan will have on services, facilities and resources to be used in relation to the Strategic Plans after their adoption or whilst they are being developed in those other areas. The Parties' intention is that the Board shall, with the support and co-operation of the Parties, put in place a process and system to secure close collaboration, co-operation and the sharing of relevant information amongst the Chief Officers of the four integration authorities and amongst the Strategic Planning Groups of those integration authorities. The Parties shall ensure through the line management arrangements for the Director set out in the Scheme, that the Director provides information to the other integration authorities where the Board's Strategic Plan is likely to have a significant impact on the Strategic Plans of those other integration authorities, and makes representations on behalf of the Board to those other integration authorities where the interests and objectives of the Board and its Strategic Plan may be affected by the Strategic Plans elsewhere .

In particular, the Parties' intention is that the Board shall adopt reporting arrangements and processes which ensure that the strategic impacts on the other integration authorities and their strategic plans are brought to the attention of the Board in its decision making, both in regard to integration functions and other functions and services which are not integrated or delegated.

Lothian Hospitals Strategic Plan

NHS Lothian will develop a plan (the 'Lothian Hospitals Strategic Plan') to support the IJBs to fulfil their duties. The Lothian Hospitals Strategic Plan will not bind the IJB and the strategic plan of the IJBs will inform the Lothian Hospitals Strategic Plan.

The Lothian Hospitals Strategic Plan will be developed in partnership with the Lothian IJBs whose integrated functions are delivered by NHS Lothian in a hospital. The first Lothian Hospitals Strategic Plan will be published by 1 December 2015.

The purpose of the Lothian Hospital Strategic Plan is to ensure that planning for hospital functions and use of hospital facilities is:

- Responsive to and supports each IJB Strategic Plan; and
- Supports the requirement of NHS Lothian to deliver hospital services required by the IJB and other hospital services that are not the responsibility of the IJB (e.g. tertiary, trauma, surgical, planned and children's services).

The Lothian Hospitals Strategic Plan will be a plan developed jointly by NHS Lothian and the Lothian IJBs. The elements of the Lothian Hospitals Strategic Plan addressing non delegated functions can only be agreed by the NHS Lothian Board after the four Lothian IJBs have been consulted and their views and requirements appropriately considered. Elements of the Lothian Hospitals Strategic Plan which cover functions delegated to the respective Lothian IJBs will be signed off by relevant Lothian IJBs in consultation with NHS Lothian and all Lothian IJBs.

The Lothian Hospitals Strategic Plan will be updated at least every three years; the process to update the plan will be led by NHS Lothian.

Performance Targets and Reporting Arrangements

The Parties shall develop and agree between them a list of the targets, measures and arrangement in relation to the performance of the integration functions, and shall do so prior to the constitution of the Board. After the constitution of the Board, the Parties shall agree with the Board and, prior to the date of delegation of functions, a final list of such targets, measures and arrangements and the frequency with which information about them is to be provided.

The targets, measures and arrangements developed and approved through that process, shall include and shall reflect targets, measures and arrangements in relation to health and social care functions which have not been integrated and which are to be taken into account by the Board in its preparation of the strategic plan.

In developing and agreeing those matters, the Parties shall build on the successful performance measuring, monitoring and reporting systems operated through the West Lothian Community Health and Care Partnership. They shall through officers of both Parties develop those systems further by identifying those performance indicators and outcomes for which responsibility shall pass to the Board in relation exclusively to integration functions and those for which responsibility shall be shared where they relate to both integration functions and functions and services which have not been integrated or delegated. Those outcomes and indicators will be refined to reflect and support the priorities set out in the Board's Strategic Plan. The Parties and the Board shall ensure that the systems, outcomes and indicators put in place are regularly reviewed, refreshed and updated to reflect changes to those priorities, to the Strategic Plan and other changes in circumstances.

After it is established, the Board will be responsible for the development of its own performance management approach to enable the Board to monitor progress against quality improvement and service delivery required to achieve the high level outcomes in the strategic plan. To continue the development work of the Parties to be carried out prior to the establishment of the Board, the Parties will encourage that Board to adopt an approach to performance management which will detail the suite

of performance indicators to be used to monitor progress against the high level outcomes and will confirm the reporting arrangements on performance.

7.0 Clinical and Care Governance

Introduction

The Parties are to delegate certain of their respective clinical and care functions to the IJB, in accordance with section 4 of this Scheme. The Parties have had regard to their continuing duties regarding clinical and care governance as well as the integration planning principles (as set out in the Act) and the Outcomes when preparing this Scheme.

This section of the Scheme sets out the arrangements that will be put in place to allow the IJB to fulfil its role with professional advice and with appropriate clinical and care governance in place.

The Parties have well established systems to provide clinical and care governance as well as assurance for professional accountabilities. Those systems will continue following the establishment of the IJB and the scope of these systems will extend to provide the IJB with the requirements to fulfil their clinical and care governance responsibility.

Continuous improvement and the quality of service delivery (and its impact on outcomes) will be addressed through the development of the IJB's performance management framework (pursuant to section 6 of this Scheme).

The Integration Joint Board will not duplicate the role carried out by the Parties existing governance arrangements other than in exceptional circumstances where the IJB considers that direct engagement by the IJB is appropriate in order to secure the proper discharge by the IJB of its statutory responsibilities.

The Parties agree that in the event that one of its committees within its governance arrangements identifies an issue which is of direct and material relevance to the Integration Joint Board, the committee will advise the chairperson of the Integration Joint Board and the Director of that matter and will co-operate with the IJB in supplying such further information and evidence in respect of that matter as the IJB may reasonably request.

The Parties shall ensure that its standing orders, schemes of delegation and other governance documents are amended (if required) to reflect the IJB's powers and remit, the IJB's place as a common decision-making body within the framework for delivery of health and social care within the West Lothian Area and the Parties role in supporting the IJB to discharge its duties.

The voting members of the Integration Joint Board are engaged in the governance of their respective Party, and it is likely that they will be members of one or more committees of the relevant Party.

The Parties will use reasonable endeavours to appoint voting members of the Integration Joint Board (regardless of which party nominated the voting members) onto the NHS Lothian and Council governance arrangements with a remit relevant to the clinical and care governance of integration functions.

Within its existing governance framework, NHS Lothian has :

- A healthcare governance committee, the remit of which is to provide assurance to the Board that the quality of all aspects of care in NHS Lothian is person-centred, safe, effective, equitable and maintained to a high standard and to provide assurance to the Board of NHS Lothian that the Lothian NHS Board meets its responsibilities with respect to:-
 - NHS Lothian Participation Standards
 - Volunteers/Carers
 - Information Governance
 - Protection of Vulnerable People including children, adults, offenders
 - Relevant Statutory Equality Duties

And

- A staff governance committee, the remit of which is to support and maintain a culture within Lothian NHS Board where the delivery of the highest possible standard of staff management is understood to be the responsibility of everyone working within NHS Lothian and is built upon partnership and collaboration. The Staff Governance Committee must ensure that robust arrangements to implement the (NHS Scotland) Staff Governance Standard are in place and monitored

The staff governance committee has the primary role on staff governance matters, but can and does refer matters of relevance to the healthcare governance committee.

The healthcare governance committee can request assurance from the staff governance committee on matters of direct relevance to its remit, e.g. quality of recruitment, learning and development, completion of mandatory training.

Within the Council, the Chief Social Work Officer has overall responsibility for the professional standards of the Council's social work and social care staff. The workforce is also regulated by the Scottish Social Services Council (SSSC), and all professional staff must by law be registered with the SSSC. This registration requirement will, in due course, extend to all social care staff employed by the Council and the voluntary and independent sectors.

The Chief Social Work Officer reports annually to the Council on the registration of the workforce and on training, including mandatory training and post-qualifying learning and development. The Chief Social Work Officer will provide a copy of this annual report to the Integration Joint Board.

The Chief Social Work Officer also reports annually to the Council on standards achieved, governance arrangements including supervision and case file audits and volume/quantity of statutory functions discharged. This report must comply with national guidance issued by the Scottish Government. The Chief Social Work Officer will also provide a copy of this annual report to the integration joint board.

The intention of using the existing NHS Lothian and Council committees as a primary source of assurance is to recognise that the parties will have continuing governance responsibilities for both integration and non-delegated functions, and that the parties wish to minimise unnecessary bureaucracy. The Integration Joint Board will be engaged through its membership being on these committees, and its relationship with the committee chairs. The Integration Joint Board will be in a position to holistically consider the information/ assurance received from the Parties, and arrive at a determination for all of its functions. If the integration joint board is in any way dissatisfied with the information or assurance it receives from the parties, or the effectiveness of the parties committees, it may give a direction to the parties to address the issue, or revise its own system of governance.

Clinical and Care Governance Risk

There is a risk that the plans and directions of the Integration Joint Board could have a negative impact on clinical and care governance, and professional accountabilities. This section of the Scheme sets out the arrangements that will be put in place to avoid this risk.

Professional Advice

NHS Lothian has within its executive membership three clinical members (referred to below as '**Executive Clinical Directors**'); a Medical Director, a Nurse Director, and a Director of Public Health. Their roles include responsibility for the professional leadership and governance of the clinical workforce (medical, nursing, allied health professionals, healthcare scientists, psychology, pharmacy), as well as clinical governance within NHS Lothian generally. The creation of the IJB does not change their roles in respect of professional leadership, and they remain the lead and accountable professionals for their respective professions.

The Council has a Chief Social Work Officer who reports to the Chief Executive and councillors. The Chief Social Work Officer monitors service quality and professional standards in social care and social work, for staff employed in both adult and children's services, together with standards in relation to the protection of people at risk. The Chief Social Work Officer role also includes quality assurance of decision-making with regard to adult social care, mental health criminal justice and children's services, in particular in relation to public protection and the deprivation of liberty.

The creation of an IJB does not change the Chief Social Work Officer's role in respect of professional leadership and he or she will remain the lead and accountable professional for his or her profession.

The Chief Social Work Officer must be a non-voting member of the IJB. The IJB may elect to appoint one or both of the Medical Director and the Nurse Director as additional non-voting members of the IJB. The Order requires NHS Lothian to fill the following non-voting membership positions on the IJB:

- A registered medical practitioner whose name is included in the list of primary medical services performers prepared by NHS Lothian in accordance with Regulations made under section 17P of the National Health Service (Scotland) Act 1978;
- A registered nurse who is employed by NHS Lothian or by a person or body with which NHS Lothian has entered into a general medical services contract; and
- A registered medical practitioner employed by NHS Lothian and not providing primary medical services.

NHS Lothian will consider the advice of the Executive Clinical Directors, and any other relevant officer it deems fit before making appointments to fill the membership positions referred to above. The appointees will be professionally accountable to the relevant executive clinical director. NHS Lothian will develop a role description for the appointments referred to above, to ensure that their role on the IJB with regard to professional leadership and accountability is clearly defined and understood.

The three health professional representatives referred to above will each also be:

- A member of an integrated professional group (should it be established); and/or
- A member of a NHS Lothian committee; and/or
- A member of a consultative committee established by NHS Lothian.

If a new “integrated professional group” is established, the Chief Social Work Officer must also be a member.

The three health professional representative set out above and the Chief Social Work Officer will be expected by the Parties to play a lead role in:

- Communicating and having regard to their duties to NHS Lothian or the Council as the case may be whilst discharging their role as a member of the IJB;
- Communicating and having regard to the interests of the IJB whilst discharging their duties as professionals employed by NHS Lothian or (as the case may be) the Council.
- The members will be expected to communicate regularly with the Executive Clinical Directors, and the Council’s Chief Executive as and when appropriate.

The presence of these four members will ensure that the decisions of the IJB are informed by professional advice from within the membership of the IJB.

The Chief Social Work Officer reports annually to the Council on the registration of the workforce and on training, including mandatory training and post-qualifying learning and development.

NHS Lothian includes a governance statement in its annual accounts, the content of which is informed by the annual reports of its governance committees (such as healthcare governance and staff governance) and certificates of assurance from its Executive Clinical Directors. The IJB may place reliance on these existing

processes, and the Parties will provide any such reports from those processes as the IJB may require.

The Executive Clinical Directors shall be entitled to raise issues directly with the IJB in writing. The IJB shall be required to respond in writing when issues are raised in this way. The Chief Social Work Officer will be a non-voting member of the IJB, and can therefore raise any issues directly at the IJB.

The engagement of professionals throughout the process to develop and consult on the Strategic Plan is intended to ensure that the IJB has all the required information to prepare a Strategic Plan, which will not compromise professional standards.

In the unlikely event that the IJB issues a direction to NHS Lothian, which is reasonably likely to compromise professional standards, then in the first instance, the relevant Executive Clinical Director will write to the IJB.

If the issue is not resolved to their satisfaction, they must inform the board of NHS Lothian before it takes action to implement the direction, and the following measures will apply:

- The relevant Executive Clinical Director must ensure that appropriate advice is tendered to the board of NHS Lothian on all matters relating to professional standards;
- The relevant Executive Clinical Director must set out in writing to NHS Lothian any objections they may have on a proposal that may compromise compliance with professional standards;
- The board of NHS Lothian will inform the IJB that it has received such objections, along with a statement of the views of the board of NHS Lothian on those objections;
- If board of NHS Lothian decides to proceed with a proposal despite those objections, the relevant executive clinical director will be provided with written authority from the board of NHS Lothian to act on the proposal. NHS Lothian must inform the Scottish Government Health and Social Care Directorate if a request for such a written authority is made. A copy of that authority must be sent to the appropriate regulatory body, e.g. General Medical Council;
- Once the relevant executive clinical director has received that written authority, they must comply with it.

The three professional clinical members on the IJB (two medical practitioners, one nurse) are non-voting members. They will be expected by the Executive Clinical Directors to raise any concerns in relation to matters which may compromise professional standards with the IJB.

If any of the three professional clinical members becomes aware of a matter arising from the conduct of IJB business, which may compromise professional standards, they must immediately notify the relevant executive clinical director(s) of their concerns.

The Chief Social Work Officer will be a non-voting member of the Integrated Joint Board, and as such, will contribute to decision making, and will provide relevant professional advice to influence service development.

In the event that the Integrated Joint Board issues a direction to the Council or NHS Lothian, which in the view of the Chief Social Work Officer compromises professional social work standards or the discharge of statutory functions, the Chief Social Work Officer must immediately notify the Director of their concerns and if their concerns are not resolved by the Director to their satisfaction must then raise the matter with the Chief Executive of the Council.

Professionals Informing the IJB Strategic Plan

With regard to the development and approval of its Strategic Plan, the IJB is required to:

- establish a strategic planning group (which will review the draft Strategic Plan). This strategic planning group must include a nominee from both NHS Lothian and the Council in its membership, as well as representation from health professionals and social care professionals. NHS Lothian and the Council will make recommendations to the IJB with regard to the representation from health professionals and social care professionals;
- consult both NHS Lothian and the Council on its Strategic Plan, and take into account their views before it finalises the Strategic Plan.

There will be three opportunities within these arrangements for professional engagement in the planning process;

- at the IJB;
- in the context of the work of the strategic planning group; and
- as part of the consultation process with the Parties associated with the Strategic Plan.

The membership of the IJB will not be the only source of professional advice available to the IJB. In advance of the establishment of the IJB the Parties agree that the chairs of all appropriate committees and groups will be informed that they are able to, and expected to, directly provide advice to the IJB. Those committees and groups may also advise an integrated professional group that provides advice to the IJB. Those committees and groups include, but are not limited to:

- Area Clinical Forum;
- Local consultative committees that have been established under section 9 of the National Health Service (Scotland) Act 1978;
- Managed Clinical/ Care Networks;
- West Lothian Public Protection Committee (adult and child protection, drug and alcohol, violence against women, offender management etc). The IJB will consult this committee on any plans that may impact on the protection of children or vulnerable adults or people who are assessed as posing a risk;
- Any integrated professional group established.

NHS Lothian and the Council will ensure that the draft Strategic Plan is sent to the following senior professionals in order to secure their input and advice:

- NHS Lothian Medical Director;

- NHS Lothian Nurse Director;
- NHS Lothian Director of Public Health & Health Policy;
- NHS Lothian Allied Health Professions Director;
- Chief Social Work Officer.

The engagement of the Council's professionals will not be limited to social work staff, but will extend to related professionals within social care, such as, but not exclusively, occupational therapists, home care and social care staff.

The approach to locality planning and delivery including the arrangements for clinical and social care governance will be developed through the strategic planning process in a collaborative manner by the IJB.

External scrutiny of clinical and care functions

NHS Lothian seeks assurance for internal control/quality through its Healthcare Governance Committee, which includes reports by external bodies such as Healthcare Improvement Scotland.

The Care Inspectorate (Social Care and Social Work Improvement Scotland) regulates, inspects and supports improvement of adult and children's social work and social care, and their reports feed into the Council's system of governance.

The IJB will consequently be informed of any relevant issues from external scrutiny, as a consequence of drawing from the systems already established by the Parties.

IJB Strategic Planning Group

The Chairperson of the IJB will ensure that the Strategic Planning Group is provided with all information that it requires to discharge its role. This will be done through exercising the powers the IJB has to require information from the Parties for planning purposes, as well as sharing information the IJB has already acquired through the conduct of its normal business.

Service User and Carer Feedback

The Parties have a range of systems already in place to capture and respond to service users' experience, and these will continue to be used as the Parties implement the directions of the IJB.

8.0 Director

Appointment

The first Director will be appointed to the post by the Board as required by the Act, but, to reflect the significance of the post to the Parties and the Director's duties and responsibilities, it is expected that the appointment shall be made after consultation by the Board with the Parties and of the jointly agreed holder of the shadow Director post.

Prior to the establishment of the Board the Director's job description, person specification, terms and conditions, salary, pension, responsibilities and powers shall be agreed jointly between the Parties, and appropriate approval obtained under the

separate mechanism contained in the Act. Those will reflect and include the responsibilities the Director will have, by agreement between the Parties, to the Parties in relation to matters other than those affecting the integration functions.

Upon the appointment by the Board of the Director, the Parties shall at the same time confirm the appointment of the Director in relation to their own organisations and shall ensure that appropriate powers are delegated to him/her by the Parties to enable him/her to meet the requirements of the post.

Any future appointment to the post of Director shall follow an open and transparent process, except that the recruitment, selection and appointment process shall be carried out by the Board, in reliance on professional advice to be provided to the Board as part of the agreed support services. The Parties shall ensure the availability of appropriate technical, legal and human resources advice through the arrangements to be put in place for the provision of support services as set out in the Scheme, and through an appointment process designed by the Board to reflect the significance to the Parties of the post.

If an interim replacement for the Director of the Board is required, in line with a request from the Board to that effect (on the grounds that the Director is absent or otherwise unable to carry out their functions), the Chief Executives of the Parties will initiate a joint selection process, identifying a list of potential replacements; and selection of a suitable candidate will be undertaken against a set of agreed criteria. The interim replacement will be employed by one of the Parties and will be seconded to the Board on an interim basis.

Operational Role

In terms of the Act the Director will report to and advise the Board in relation to its role and powers over the integrated functions, and they will also be accountable to the Chief Executives of the Parties in relation to operational and service delivery matters.

The Director will be a member of each of the council and health board senior management teams and together with the Chief Social Work Officer will have appropriate delegated powers to enable them to discharge their duties and to manage the two services and secure the operational delivery of the integration functions jointly and in an integrated manner.

The Director will be the senior manager in each of the Parties responsible for delivery of the delegated functions in accordance with directions from the Board, and for the delivery of other health and social care functions which have not been delegated to the Board.

9.0 Workforce

The Parties will provide for workforce development in relation to the staff employed in the delivery of the integration functions and will develop an integrated Workforce Development and Support Plan, and an Organisational Development Plan in relation to teams delivering services. The Parties shall ensure the completion of those Plans prior to the constitution of the Board and they shall be put in place at the date of delegation of the integration functions.

10.0 Finance

Finance Officer

In relation to the preparation of its accounts and their audit, the Board is governed by the same legislation applying to local authorities and will require to make arrangements for the proper administration of its financial affairs; this will include the appointment of a Finance Officer with this responsibility. The Finance Officer will be employed by the Council or NHS Lothian and seconded to the Board. The holder of the post should be a CCAB-qualified accountant, and the Board should have regard to the current CIPFA Guidance on the role.

In the event that the Finance Officer position is vacant or the holder is unable to act, the Director shall secure, in consultation with the Board Chair, and through agreement with both the council section 95 officer and the NHS Lothian Director of Finance, an appropriate interim dedicated resource to discharge the role.

Financial Management of the Board

The Board will determine its own internal financial governance arrangements; and the Finance Officer will be responsive to the decisions of the Board, and the principles of financial governance set out in this Scheme.

Principles of Financial Governance

The following principles of financial governance shall apply:

- NHS Lothian and the Council have agreed to establish the Board as a “joint operation” as defined by IFRS 11
- NHS Lothian and the Council will work together in a spirit of openness and transparency
- NHS Lothian and the Council will ensure their payments to the Board are sufficient to fund the delegated functions in line with the financial elements of the Strategic Plan
- NHS Lothian and the Council payments to the Board derive from a process that recognises that both organisations have expenditure commitments that cannot be avoided in the short to medium term. The Board, through its Strategic Plan and through the directions issued by it, may, however, be able to influence such commitments over time; and both Parties will work with the Board on service redesign proposals in relation to integration functions.

Financial Governance

The Parties will contribute to the establishment of a Board budget. The Director will manage the Board budget.

The Parties are required to implement the Directions of the Board in carrying out the integrated functions in line with the strategic plan, provided that the Board delegates the required level of resources to meet the anticipated cost of the integrated functions. The Parties will apply their established systems of financial governance to the payments they receive from the Board. The NHS Lothian Accountable Officer and the Council section 95 Officer have legally defined responsibilities and accountability for the financial governance of their respective bodies.

The Director in their operational role within NHS Lothian and the Council is responsible for the financial management of any operational budgets (as defined in section 10 of this Scheme) that may be delegated to them by the Parties, and is accountable for this to the NHS Lothian Chief Executive and WLC section 95 officer.

The Board will develop its own financial regulations. The Finance Officer will periodically review these financial regulations and present any proposed changes to the Board for its approval.

The Council will host the Board Financial Accounts and will be responsible for recording the Board financial transactions through its existing financial systems. This will include the ability to establish reserves.

The Board's Finance Officer will be responsible for preparing the Board's accounts and ensuring compliance with statutory reporting requirements as a body under the relevant legislation.

The Finance Officer will also be responsible for preparing a medium-term financial plan to be incorporated into the Board's Strategic Plan. The Finance Officer will also be responsible for preparing the annual financial statement that the Board must publish under section 39 of the Act, which sets out what the Board intends to spend in implementation of its Strategic Plan.

The Finance Officer will be responsible for producing finance reports to the Board, ensuring that those reports are comprehensive.

The Finance Officer will liaise closely with the Council s95 officer and the NHS Lothian Director of Finance and their teams in order to discharge all aspects of their role section 6 of this scheme has set out the process the Parties will undertake to determine how professional, technical and administrative services will be provided to the Board. The initial focus of this work includes finance support.

Payments to the Board (made under section 1(3) (e) of the Act)

The legislation on Integration uses the term 'payment' to describe the budget contributions that the Parties will delegate to the Board. In the interests of clarity, whilst the term 'payment' is used in this document to remain consistent with the legislation, it is not anticipated that cash transfers will take place between Parties and the Board. Rather, the term 'payment' can be taken to mean the budget contributions of the partner organisations that have been agreed as resources delegated to the Board.

Prior to the start of each financial year, the Parties will agree a schedule of payments to the Board (covering their initial calculated payment for the financial year and the dates for transactions).

Any difference between payments into and out from the Board will result in a balancing payment between the Council and NHS Lothian which reflects the effect of the directions of the Board.

Initial Payments to the Board

The Council and NHS Lothian will identify a core baseline operational budget for each function that is delegated to the Board. This will be used as the basis to calculate their respective payments into the Board budget.

The Council and NHS Lothian already have established financial planning processes which take into account the financial settlements they have received, and identified and assumed expenditure pressures, to arrive at opening budgets for the forthcoming financial year. These same processes will be applied to the core baseline operational budgets for the delegated functions in order to arrive at the initial payments to the Board.

Resource Transfer

The “resource transfer” payments from NHS Lothian to the Council will continue to be made after the Board is established, as these payments are effectively core funding of functions that will be delegated by the Council. Taking account of the process above, the resource transfer payment from NHS Lothian to the Council will be reviewed on an annual basis.

Hosted Services

NHS Lothian carries out functions across four local authority areas. Some of the functions that will be delegated to all four Integration Joint Boards in the NHS Lothian boundary are currently provided as part of a single Lothian-wide service, commonly referred to as “hosted services”. As such there is not currently a separately identifiable budget for those services by local authority area.

In order to identify the core baseline budget for each of the hosted services in each local authority area, NHS Lothian will initially determine which of the following methodologies is the most appropriate in representing the distribution of the delivery of those services in each local authority area and their respective populations at a given point in time:-

- Local activity and cost data for each service within each local authority area
- Population distribution across the local authority areas
- Patient level activity and cost data
- Historically applied and recognised percentages.

The Council and the Board will review the proposals from NHS Lothian as part of a due diligence process, and the core baseline budget will be collectively agreed.

Due Diligence

The Parties will share information on the financial performance over the previous two financial years of the functions and associated services which will be delegated to the Board. This will allow the Parties to undertake appropriate reviews to gain assurance that the services are currently being delivered sustainably within approved resources, and that the anticipated initial payments will be sufficient for the Board to carry out its integration functions.

If any such review indicates that the projected expenditure is likely to exceed the initial payments to the Board, then the relevant Party will be notified. The relevant Party will be required to take action to ensure that services can be delivered within the available operational budget

The Parties recognise that of the functions which are to be delegated to the Board, there are some where there is greater potential for the actual expenditure to vary

significantly from projections. The Parties will identify what those functions are, and will ensure that information is provided to the Board so that it may build up its working knowledge of the issues, and focus on those functions within their systems for risk management and financial reporting. This will help the Board and the Parties determine how any particular variances (should they arise) should be handled (see section below), as well as how the Board decides to direct the use of the Board budget in the future.

This process of due diligence will be applied in future years, and this will be informed by, amongst other things, the intelligence within the financial performance reports covering all integration functions that the Board will routinely receive.

Determining the schedules for the Initial Payments

The Council section 95 officer and the NHS Lothian Director of Finance are responsible for preparing the schedules for their respective party. The amounts to be paid will be the outcome of the above processes. They will consult with the Director and officers in both Parties as part of this process.

- The Council section 95 officer and the NHS Lothian Director of Finance will each prepare a schedule outlining the detail and total value of the proposed payment from each party, and the underlying methodology and assumptions behind that payment. These draft schedules will identify any amounts included in the payments that are subject to separate legislation or subject to restrictions stipulated by third party funders. The schedules will also contain the detail and total value of set aside resources for hospital services, made under section 1(3) (d) of the Act.
- The Council section 95 officer and the NHS Lothian Director of Finance will refer the draft schedules to the Director so that they may have an opportunity to formally consider it.
- The Council section 95 officer and the NHS Lothian Director of Finance will thereafter present the final draft schedules to the Parties. This schedule must be approved by the Director of Finance of NHS Lothian, the Council section 95 officer and the Director.
- The Council and NHS Lothian must approve their respective payments, in line with their governing policies.

Subsequent section 1(3) (e) Payments to the Board

The calculation of payments in each subsequent financial year will essentially follow the same processes as has been described for the initial payment. This section highlights the key differences from the process of calculating the initial payment.

The starting position will be the payments made to the Board in the previous financial year. The Parties will then review the payments, having due regard to any known factors that could affect core baseline budgets, available funding, their existing commitments, the results of their own financial planning processes, the previous year's budgetary performance for the functions delegated to the Board, the Board's performance report for the previous year, and the content of the Board's Strategic Plan.

The Parties will also have due regard to the impact of any service re-design activities that have been direct consequence of Board directions.

In all subsequent financial years, the Board will be established and the Director and Finance Officer will have been appointed to their posts. The Parties will engage the Board, Director, and Finance Officer in the process of calculating subsequent payments through:

- Both Parties will provide indicative three year allocations to the Board, subject to annual approval through their respective budget setting processes.
- The Parties will ensure the Director and Finance Officer are actively engaged in their financial planning processes. The Director will be expected to feed into the planning processes with any intelligence that is relevant, e.g. the aims of the Strategic Plan, the effect of previous directions on activity and expenditure, projected changes in activity and expenditure. The Director of Finance of NHS Lothian, the section 95 Officer of the Council and the Board Finance Officer will ensure a consistency of approach and consistent application of processes in considering budget assumptions and proposals.

The set-aside of resources for use by the IJB under section 1(3) (d) of the Act

In addition to the section 1(3)(e) payments to the IJB, Lothian NHS Board will identify a set aside budget for delegated functions in large hospitals. The set aside budget for delegated hospital services will be based on an apportionment of the relevant Lothian NHS Board budgets for the delegated hospital services (excluding overheads).

In order to identify the core baseline budget for the set-aside functions in each council area, the Health Board shall initially determine which of the following methodologies is the most appropriate in representing the distribution of the delivery of services in each council area, and their respective populations at a given point in time:-

- Local activity and cost data for each service within each council area
- Population distribution across the council area
- Patient level activity and cost data
- Historically applied and recognised percentages.

The Parties and the IJB will review the proposals from Lothian NHS Board referred to above, as part of a due diligence process, and the core baseline budget will be jointly agreed.

Process to agree payments from the Board to the Parties

The Board will determine and approve, in accordance with the Strategic Plan, the payments to the Parties which will accompany its directions to them for carrying out the functions delegated to the Board. The Party receiving a direction from the Board shall implement it, having agreed with the Board the level of resources required to do so.

The Finance Officer is responsible for providing the Board with appropriate information and advice, so that it may determine what those payments should be.

Each direction from the Board to the Parties will take the form of a letter from the Director referring to the arrangements for delivery set out in the Strategic Plan and will include information on:

- the delegated function(s) that are to be carried out
- the outcomes to be delivered for those delegated functions
- the amount of and method of determining the payment to be made, in respect of the carrying out of the delegated functions.

Once issued, directions can be amended by a subsequent direction by the Board.

Where amounts paid to the Board are subject to separate legislation or subject to restrictions stipulated by third party funders, the Board must reflect these amounts in full, in determining the level of the payments to be made to the Parties in respect of the carrying out of the relevant function or functions. However, the Board is not precluded from increasing the resource allocated to the relevant services.

Financial Reporting to the Board

Budgetary control and monitoring reports (in such form as the Board may request from time to time) will be provided to the Board as and when it requires. The reports will set out the financial position and outturn forecast against the payments by the Board to the Parties in respect of the carrying out of integration functions and against the amount set aside by NHS Lothian for hospital services. These reports will present the actual and forecast positions of expenditure compared to operational budgets for delegated functions and highlight any financial risks and areas where further action is required to manage budget pressures.

NHS Lothian will provide information on the set-aside budgets which will be contained in financial reports to the Board.

Through the process of reviewing the professional, technical and administrative support to the Board and the development of accounting for the set-aside, the Parties will devise a sustainable model to support financial reporting to the new Board. Until that model is in place, both Parties will provide the required information on operational budgetary performance from their respective finance systems, and this will be co-ordinated and consolidated by the Finance Officer to provide reports to the Board on all the Board's integration functions.

Process for addressing variance in the spending of the Board

Treatment of forecast over- and under-spends against the Operational Budget

The Board is required to deliver its financial out-turn within approved resources.

Section 15 of this scheme sets out the arrangements for risk management, and financial risk (within the Board and both Parties) will be managed in line with those arrangements.

The Parties will make every effort to avoid variances arising. A key measure in this regard will be the due diligence activities, and the sharing of information with the

Board, so that the Board has the best opportunity to allocate resources effectively. The Parties will also ensure that the systems that are already applied to delivering public services within fixed and limited resources will continue.

Where financial monitoring reports indicate that an overspend is forecast on the NHS Lothian or the Council operational budget for delegated functions, it is agreed by the Parties that the relevant party should take immediate and appropriate remedial action to prevent the overspend. The manager leading this remedial action could be the Director in his or her operational capacity within the affected party.

In the event that such remedial action will not prevent the overspend, then Finance Officer will, together with the relevant Party, develop a proposed recovery plan to address the forecast overspend. The Finance Officer will then present that recovery plan to the Board as soon as practically possible. The Board has to be satisfied with the recovery plan, and the plan is subject to its approval.

Additional Payments by the Parties to the Board

Where such a recovery plans is projected to be unsuccessful and an overspend occurs at the financial year end, and where there are insufficient reserves held by the Board to meet the overspend, then the Parties may make additional payments to the Board. The Finance Officer and the Parties shall engage in discussion and negotiation about the amounts to be paid by each Party and the date or dates upon which any such payments are to be made.

The Parties recognise that the delivery of integrated functions in accordance with the Strategic Plan depends on their co-operation between each other and with the Board and that all three parties must approach such discussions in good faith, recognising the pressures and constraints on their respective budgets and services. In such discussions the Parties recognise and accept that an overspend is at the risk of the Party incurring the overspend and the residual amount of overspend after usage of reserves must, in the absence of any other agreement, be met by that Party.

Recurring overspends will be considered as part of the following year's budget process. If a solution to the overspend cannot be agreed by the Parties, or is not agreed by the Board, then the dispute resolution mechanism in this Scheme may require to be implemented.

Underspends

As part of their normal financial management systems, the Parties conduct in-year reviews of financial performance, and occasionally this may lead to a forecast of an underspend at the year-end on one or more budgets.

In the event that this happens within the operational budgets, any underspend shall be returned to the integration Party delivering that service for the Board, except where the Parties agree that the underspend should be retained by the Board for future use. For example, this could relate to specific management action planned to result in an underspend.

The Board may hold reserves, as determined by its Reserves Policy.

Treatment of variations against the amounts set aside for use by the Board

At the time of preparing this consultation draft, the Scottish Government is developing guidance on how the set-aside will work in practice. The Parties will therefore develop this part of the Scheme at a later date.

Redetermination of payments (made under section 1(3) (e)) to the Board

Redeterminations of payments made by the Parties for the carrying out of integration functions would apply under the following circumstances:

- Additional one off funding is provided to a Party or Parties by the Scottish Government, or some other body, for expenditure in respect of a function delegated to the Board
- The Parties agree that an adjustment to the payment is required to reflect changes in demand and/or activity levels
- Transfer of resources between set aside hospital resources and integrated budget resources delegated to the Board and managed by the Director.
- The Parties need to recover funds to offset a material overspend in their non delegated health and social care budgets subject to availability of funds.

In all cases full justification for the proposed change would be required and both Parties and the Board would be required to agree to the redetermination. The Parties would apply the process used to calculate the payment to the Board (described earlier) to the affected functions.

Any required additional payments will be added to the schedule of payments for the financial year.

Redetermination of payments (made under section 1(3) (d)) to the Board

Redetermination of set-aside payments will be carried out on the same basis as under section 1(3)(e), above.

Use of Capital Assets

The Board, NHS Lothian and the Council will identify all capital assets which will be used in the delivery of the Strategic Plan.

Changes in use of capital assets will flow from the Strategic Plan and the directions issued by the Board to the Parties. The Strategic Plan process will outline any implications or requirements for capital assets.

The Parties will ensure that their capital asset planning arrangements take due cognisance of the above implications and requirements.

The Director of the Board will consult with the Parties to identify the specific need for improvements/changes to assets owned by each which may be required in connection with the carrying out of integration functions. Where a capital investment need is identified, the Director will present a business case to the Parties to make best use of existing resources and develop capital programmes. Any business case will set out how the investment will meet the strategic objectives set out in the Strategic Plan and identify the ongoing revenue costs/savings associated with implementation of the proposals.

The Board, the Council and NHS Lothian will work together to ensure assets required in connection with the carrying out of integration functions are used as effectively as possible and in compliance with the relevant legislation relating to use of public assets.

Audit and Financial Statements

Financial Statements and External Audit

The legislation requires that the Board is subject to the audit and accounts provisions of a body under section 106 of the Local Government (Scotland) Act 1973 (section 13). This will require audited annual accounts to be prepared with the reporting requirements specified in the relevant legislation and regulations (section 12 of the Local Government in Scotland Act 2003, the Local Authority Accounts (Scotland) Regulations 2014 and other regulations under section 105 of the Local Government (Scotland) Act 1973). These will be proportionate to the limited number of transactions of the Board whilst complying with the requirement for transparency and true and fair reporting in the public sector.

The reporting requirements for the annual accounts are set out in legislation and regulations and will be prepared following the CIPFA Local Authority Code of Practice. The Parties will agree a clear timetable for the preparation of the Board's annual accounts which will incorporate a process to agree any balances between the Board and the Parties.

The Finance Officer of the Board will supply any information required to support the development of the year-end financial statements and annual report for both Parties. Both Parties will need to disclose their interest in the Board as a joint arrangement under IAS 31 and comply in their annual accounts with IAS 27. Both Parties will report the Board as a related party under IAS 24.

The Board financial statements must be completed to meet the audit and publication timetable specified in the regulations (Regulations under section 105 of the Local Government (Scotland) Act 1973).

The Accounts Commission will appoint the external auditors to the Board.

The financial statements will be signed in line with the governance arrangements for the Board and as specified in the Local Authority Accounts (Scotland) Regulations 2014, made under section 105 of the Local Government (Scotland) Act 1973.

In all forms of audit, the Parties are expected to comply with related requests and to aid the audit process.

11.0 Participation and Engagement

Consultation on this Integration Scheme was undertaken in accordance with the requirements of the Act.

The stakeholders consulted in the development of this scheme were

- All prescribed consultees
- Staff of Parties.

The draft scheme was also posted on the West Lothian Community Health and Care Partnership website to allow wider exposure and comment from the general public.

All responses received during the consultation have been reviewed and taken into consideration in the production of the final version of this scheme.

The Parties jointly agree to provide the following support to the Board

- A participation and engagement strategy will be developed within one year of the establishment of the Board
- This strategy will be subject to regular review by the Board.

12.0 Information Sharing and Confidentiality

There is an existing and long standing Pan-Lothian and Borders General Information Sharing Protocol, to which NHS Lothian, City of Edinburgh Council, East Lothian Council, Midlothian Council and West Lothian Council are all signatories. This Protocol is currently being reviewed by a sub group on behalf of the Pan-Lothian Data Sharing Partnership for any minor modifications required to comply with the Regulations. The final Protocol, following consultation, will be recommended for signature by Chief Executives of respective organisations, and the Chief Officers of the Integration Joint Boards, once they have been appointed by the IJB, on behalf of the Pan-Lothian Data Sharing Partnership.

The Pan-Lothian and Borders General Information Sharing Protocol update will be agreed by 31 March 2015.

Procedures for sharing information between the Council, NHS Lothian, and, where applicable, the Integration Joint Board will be drafted as Information Sharing Agreements and procedure documents. This will be undertaken by a sub group on behalf of the Pan-Lothian Data Sharing Partnership, who will detail the more granular purposes, requirements, procedures and agreements for each of the Lothian Integration Joint Boards and the functions respectively delegated to them.

The Council and NHS Lothian will continue to be Data Controller for their respective records (electronic and manual), and will detail arrangements for control and access. The Integration Joint Board may require to be Data Controller for personal data if it is not held by either by the Council or NHS Lothian.

Arrangements for Third Party organisations access to records will be jointly agreed by all contributing partners prior to access.

Procedures will be based on a single point of governance model. This allows data and resources to be shared, with governance standards, and their implementation, being the separate responsibility of each organisation. Shared datasets governance will be agreed by all contributing partners prior to access.

Following consultation, Information Sharing Protocols and procedure documents will be recommended for signature by the Chief Executives of respective organisations, and the Chief Officers of the Lothian Integration Joint Boards.

Once established, agreements and procedures will be reviewed bi-annually by the sub group of the Pan-Lothian Data Sharing Partnership, or more frequently if required.

The information sharing agreements and procedures applicable to the IJB will be agreed by 31 March 2015.

13.0 Complaints

There are separate complaints regimes and procedures which apply to councils and health boards, statutory and otherwise. The Parties are not able to dictate arrangements that the Board may wish to put in place in relation to the handling of complaints which may be directed at the Board, but the Parties shall ensure that a single gateway is provided for complaints to be made which relate to their performance of the integrated functions, to be managed by the Director as part of the management arrangements to be made by the Parties.

Complaints made to the Board or to one or both of the Parties in relation to the integration functions shall be allocated by the Director to one of the Parties to address, having regard in particular to the statutory social work services complaints procedure.

The Parties shall co-operate with each other and with the Board in the investigation and handling of complaints in relation to the integrated functions.

14.0 Claims Handling, Liability & Indemnity

The Parties agree that the Parties will manage and settle claims arising from the exercise of integration functions in accordance with common law and statute.

15.0 Risk Management

The Parties already operate an agreed Risk Management Strategy through the past successful operation of the West Lothian Community Health and Care Partnership. The Parties shall carry that strategy forward prior to and after the establishment of the Board. Each Party has in that strategy identified the risks relevant to existing partnership working arrangements and the Parties shall develop that list to take account of legislative requirements and risks arising from new integrated delivery of the integration functions. They will produce and agree a list of the risks proposed to be monitored and reported by them under the risk management strategy.

The Parties shall provide the support and expertise of their own risk officers in developing and implementing the Board's strategy and risk management measures and procedures. Risk management resources within each partner body will continue to be available to support risk areas that have been delegated to the Board and the development of the Board risk strategy.

An integrated Health and Social Care Risk Register, based on an agreed methodology for the assessment of risk, will be maintained and reviewed at regular intervals.

The Parties shall make arrangements to ensure that the Board will receive regular reports on the risk management strategy.

These arrangements shall be put in place by the Board, supported by the Parties, prior to the date of delegation of the integration functions.

16.0 Dispute Resolution Mechanism

In the event of a failure by the Parties and the Board to reach agreement between or amongst themselves in relation to any aspect of the Scheme or the integration functions, the Director shall use their best endeavours to reach a resolution through discussion and negotiation with the Parties and the Board.

In the event that the matter remains unresolved, a meeting to seek a resolution shall take place amongst the Chief Executives of the Parties, the Chair of the health board, the Leader of the council, the Director and the Chair and Vice-Chair of the Board.

DRAFT

ANNEX 1

Part 1 Functions delegated by the health board to the Board

Functions prescribed for the purposes of section 1(8) of the Act

<i>Column A</i>	<i>Column B</i>
<p>The National Health Service (Scotland) Act 1978(a)</p> <p>All functions of Health Boards conferred by, or by virtue of, the National Health Service (Scotland) Act 1978</p>	<p>Except functions conferred by or by virtue of –</p> <ul style="list-style-type: none"> section 2(7) (Health Boards); section 2CB (functions of Health Boards outside Scotland); section 9 (local consultative committees); section 17A (NHS contracts); section 17C (personal medical or dental services); section 17I (use of accommodation); section 17J (Health Boards' power to enter into general medical services contracts); section 28A (remuneration for Part II services); section 38 (care of mothers and young children); section 38A (breastfeeding); section 39 (medical and dental inspection, supervision and treatment of pupils and young persons); section 48 (residential and practice accommodation);

	<p>section 55 (hospital accommodation on part payment);</p> <p>section 57 (accommodation and services for private patients);</p> <p>section 64 (permission for use of facilities in private practice);</p> <p>section 75A (remission and repayment of charges and payment of travelling expenses);</p> <p>section 75B (reimbursement of the cost of services provided in another EEA state);</p> <p>section 75BA (reimbursement of the cost of services provided in another EEA state where expenditure is incurred on or after 25th October 2013);</p> <p>section 79 (purchase of land and moveable property);</p> <p>section 82 use and administration of certain endowments and other property held by Health Boards);</p> <p>section 83 (power of Health Boards and local health councils to hold property on trust);</p> <p>section 84A (power to raise money, etc., by appeals, collections etc.);</p> <p>section 86 (accounts of Health Boards and the Agency);</p> <p>section 88 (payment of allowances and remuneration to members of certain bodies connected with the health services);</p> <p>section 98 (charges in respect of non residents);</p> <p>and paragraphs 4, 5, 11A and 13 of Schedule</p>

Part 2 Services currently provided by the Health Board which are to be integrated

- accident and emergency services provided in a hospital
- inpatient hospital services relating to the following branches of medicine—
 - general medicine
 - geriatric medicine
 - rehabilitation medicine
 - respiratory medicine
 - psychiatry of learning disability,
- palliative care services provided in a hospital
- inpatient hospital services provided by general medical practitioners
- services provided in a hospital in relation to an addiction or dependence on any substance
- mental health services provided in a hospital, except secure forensic mental health services
- district nursing services
- services provided outwith a hospital in relation to an addiction or dependence on any substance
- services provided by allied health professionals in an outpatient department, clinic, or outwith a hospital
- the public dental service
- primary medical services provided under a general medical services contract, and arrangements for the provision of services made under section 17C of the National Health Service (Scotland) Act 1978, or an arrangement made in pursuance of section 2C(2) of the National Health Service (Scotland) Act 1978
- general dental services provided under arrangements made in pursuance of section 25 of the National Health (Scotland) Act 1978
- ophthalmic services provided under arrangements made in pursuance of section 17AA or section 26 of the National Health Service (Scotland) Act 1978
- pharmaceutical services and additional pharmaceutical services provided under arrangements made in pursuance of sections 27 and 27A of the National Health Service (Scotland) Act 1978
- services providing primary medical services to patients during the out-of-hours period
- services provided outwith a hospital in relation to geriatric medicine
- palliative care services provided outwith a hospital
- community learning disability services
- mental health services provided outwith a hospital
- continence services provided outwith a hospital
- kidney dialysis services provided outwith a hospital
- services provided by health professionals that aim to promote public health.

ANNEX 2

Part 1 Functions delegated by the council to the Board

<i>Column A Enactment conferring function</i>	<i>Column B Limitation</i>
<p>National Assistance Act 1948 Section 48 (duty of councils to provide temporary protection for property of persons admitted to hospitals etc.)</p> <p>The Disabled Persons (Employment) Act 1958 Section 3 (provision of sheltered employment by local authorities)</p> <p>The Social Work (Scotland) Act 1968 Section 1 (local authorities for the administration of the Act)</p> <p>Section 4 (provisions relating to performance of functions by local authorities)</p> <p>Section 8 (research)</p> <p>Section 10 (financial or other assistance to voluntary organisations etc for social work)</p> <p>Section 12 (general social welfare services of local authorities.)</p> <p>Section 12A (duty of local authorities to assess needs)</p> <p>Section 12AZA (assessments under section 12A - assistance)</p> <p>Section 12AA (assessment of ability to provide care)</p>	<p>So far as it is exercisable in relation to another integration function.</p> <p>So far as it is exercisable in relation to another integration function.</p> <p>So far as it is exercisable in relation to another integration function.</p> <p>So far as it is exercisable in relation to another delegated function.</p> <p>Except in so far as it is exercisable in relation to the provision of housing support services.</p> <p>So far as it is exercisable in relation to another delegated function.</p> <p>So far as it is exercisable in relation to another delegated function.</p>

<p>Section 12AB (duty of local authority to provide information to carer.)</p> <p>Section 13 (power of local authorities to assist persons in need in disposal of produce of their work.)</p> <p>Section 13ZA (provision of services to incapable adults)</p> <p>Section 13A (residential accommodation with nursing)</p> <p>Section 13B (provision of care or aftercare.)</p> <p>Section 14 (home help and laundry facilities)</p> <p>Section 28 (The burial or cremation of the dead)</p> <p>Section 29 (power of local authority to defray expenses of parent, etc., visiting persons or attending funerals)</p> <p>Section 59 (provision of residential and other establishments by local authorities and maximum period for repayment of sums borrowed for such provision)</p>	<p>So far as it is exercisable in relation to another delegated function.</p> <p>So far as it is exercisable in relation to another delegated function.</p> <p>So far as it is exercisable in relation to another delegated function.</p>

<p>(choice of options: adults)</p> <p>Section 6 (choice of options under section 5: assistances)</p> <p>Section 7 (choice of options: adult carers)</p> <p>Section 9 (provision of information about self-directed support)</p> <p>Section 11 (local authority functions)</p> <p>Section 12 (eligibility for direct payment: review)</p> <p>Section 13 (further choice of options on material change of circumstances)</p> <p>Section 16 (misuse of direct payment: recovery)</p> <p>Section 19 (promotion of options for self-directed support)</p>	<p>Only in relation to a choice under section 5 or 7 of the Social Care (Self-directed Support) (Scotland) Act 2013.</p>
<p>PART 2 Functions, conferred by virtue of enactments, prescribed for the purposes of section 1(7) of the Public Bodies (Joint Working) (Scotland) Act 2014</p>	
<p>The Community Care and Health (Scotland) Act 2002</p> <p>Section 4 The functions conferred by Regulation 2 of the Community Care (Additional Payments) (Scotland) Regulations 2002</p>	

Part 2 Services currently provided by the Local Authority which are to be delegated

- Social work services for adults and older people
- Services and support for adults with physical disabilities, learning disabilities
- Mental health services
- Drug and alcohol services
- Adult protection and domestic abuse
- Carers support services
- Community care assessment teams
- Support services
- Care home services
- Adult placement services
- Health improvement services
- Housing support services, aids and adaptations
- Day services
- Local area co-ordination
- Respite provision
- Occupational therapy services
- Re-ablement services, equipment and telecare.

ANNEX 3

The provisions within this annex are not intended to create legally binding obligations. They are intended to be illustrative of the proposed management arrangements for the functions delegated to the IJB.

The IJB will issue directions to the Parties via its Chief Officer. Those directions will in the main require that the Chief Officer take forward the development of the IJB's Strategic Plan, and lead on ensuring that the plan is delivered. As the Chief Officer will not be personally managing all of the integration functions, ensuring the Strategic Plan is being delivered will include getting assurance from other chief officers (for hosted services – see below) and other managers in NHS Lothian and the Council.

The Chief Officer will have direct management responsibility for the following services:

- All Council services described in Annex 2, Part 2.
- All NHS Lothian services describe in Annex 1, Part 2 with the exception of the following:

Hosted Services

There are NHS Lothian services for which it would not be suitable for the Chief Officer to have operational management responsibility. The factors contributing to determining these services are the degree of medical specialism of the service and scale of the service required for it to be safe, efficient and effective.

It is proposed that the following services will be managed at a pan-Lothian level by one of the Chief Officers of the Lothian IJBs in their role as Joint Director of NHS Lothian (area in brackets confirms the Chief Officer who would manage this service)

- Dietetics (Midlothian)
- Art Therapy (Midlothian)
- Royal Edinburgh and Associated Services (Director of Mental Health accountable to the Chief Officer of Edinburgh and the NHS Lothian Chief Executive)
- Lothian Unscheduled Care Service (East Lothian)
- Integrated Sexual and Reproductive Health Service (Edinburgh)
- Clinical Psychology Services (West Lothian)
- Continence Services (Edinburgh)
- Public Dental Service (including Edinburgh Dental Institute (West Lothian)
- Podiatry (West Lothian)
- Orthoptics (West Lothian)
- Substance Misuse (only Ritson Inpatient Unit, LEAP and Harm Reduction (Director of Mental Health)
- Independent Practitioners (East Lothian via the Primary Care Contracting Organisation)
- SMART Centre (Edinburgh)

Acute Hospitals

The three acute hospitals in NHS Lothian (Western General Hospital, Edinburgh Royal Infirmary, St Johns Hospital) will be managed by the relevant Site Director.
