Schedule 4 - Policy Actions	251 25
Schedule 5 - Supplementary Guidance and Planning Guidance	267 27

■ Introduction

The West Lothian Local Development Plan 2018 was adopted by the council on 4 September 2018.

This Action Programme supports the delivery of the West Lothian Local Development Plan 2018 (LDP) and fulfils a statutory requirement of Section 21 of the Planning etc. (Scotland) Act 2006. It sets out what is required to implement the strategy of the LDP and in particular, it identifies:

- a list of actions required to deliver each of the LDP's policies and proposals;
- the name of the party who is to carry out the action(s); and
- the timescale for carrying out each action.

The Action Programme focuses on the delivery of development and infrastructure provision and on identifying measures to overcome particular constraints and thereby serving to enhance the effectiveness and deliverability of sites.

The council, together with other public agencies, have an important role to play in facilitating and delivering parts of the LDP but much will also depend on the engagement and participation of the private sector development industry. This is especially important in the current economic climate where there continues to be a need for proportionate developer contributions.

The council has therefore drafted this Action Programme with input from a number of its own internal service providers, relevant key agencies to the LDP process (Scottish Water, the Scottish Environment Protection Agency, Scottish Natural Heritage, **Historic Environment Scotland**, Transport Scotland, the Scottish Government) and other organisations / delivery bodies named in the document.

The Action Programme is a working document reflecting the continuous process of delivering the LDP and will be used to monitor progress of development proposals. Somewhat uniquely, it is the one element of the development plan process that is fluid and which can be responsive to events. It can be revised and updated over the lifetime of the LDP and its effectiveness is dependent on this. West Lothian Council aspires to build on this version of the Action Programme by maintaining an ongoing dialogue with partners and is committed to updating and republishing it on an annual basis until the end of the plan period with information available from the development agencies and key stakeholders.

The council also has an established system for monitoring Planning Obligations which will inform and support subsequent reviews of the Action Programme. The Action Programme will be closely aligned with the annual Housing Land Audit, Local Housing Strategy and Employment Land Audit, ensuring that real time data on house completions and the take-up of economic land is used to best advantage to inform any necessary changes that may be required to the development strategy of the LDP.

■ Structure of the Action Programme

The Action Programme has been structured as a series of five schedules:

Schedule 1 - Key Infrastructure Actions allied to Proposals

Schedule 2 - Key Infrastructure Actions allied with Housing Land Allocations

Schedule 3 - Key Infrastructure Actions allied with Employment Land Allocations

Schedule 4 - Policy Actions

Schedule 5 - Supplementary Guidance and Planning Guidance

The schedules set out details of infrastructure requirements as well as charting the progress and status of each action.

■ Delivery of Infrastructure for the Local Development Plan

The West Lothian Local Development Plan 2018 (LDP) promotes a development strategy that supports sustainable planned growth across West Lothian. Although it is expected that the development strategy will have many positive effects, by providing new homes, jobs and economic development, it is recognised that new development will also have a significant impact on infrastructure and that such impacts require to be addressed. It is generally accepted that development cannot be progressed unless the necessary services, infrastructure and facilities are in place, or can be provided to accommodate them. It is therefore incumbent on the council and developers to work together and to take collective responsibility for providing for these requirements. The planning system allows mitigation to be sought from applicants towards delivering infrastructure capacity solutions where the need for this arises as a direct consequence of the development or arising from the cumulative impact of development.

While development plans need to be aspirational they also need to be realistic and capable of delivery. The challenge, particularly in a difficult economic climate, is to deliver effective sites, key priorities and developments to support the aims of the LDP.

The West Lothian Local Development Plan 2018 is framed by national and regional policy set by the National Planning Framework and the Strategic Development Plan. While all the Strategic and National Development Actions from National Planning Framework 3 (NPF3) and the Regional Transport Strategy are important, only some will have a direct impact on the delivery of the West Lothian LDP, for instance NPF3 initiatives relative to: The Queensferry Crossing, Winchburgh rail station, and the Central Scotland Green Network (CSGN).

The Action Programme purposefully relates to specific sections of the adopted West Lothian Local Development Plan 2018, namely:

- LDP Chapter 6 Development Proposals by Settlement
- LDP Appendix 1 Employment Land Allocations
- LDP Appendix 2 Schedule of Housing Sites / Site Delivery Requirements

The Action Programme also adopts the structure of the LDP housing and employment chapters by addressing issues on a geographical / settlement by settlement basis.

Finance of Infrastructure

The Action Programme is intended to align the delivery of the LDP with corporate and national investment in infrastructure. It will be used by the council as a delivery mechanism to lever the best possible outcomes for West Lothian and to co-ordinate development proposals with infrastructure and the services needed to support them. Leadership and stakeholder commitment are also critical to the successful delivery of the approved Action Programme.

The council's Local Infrastructure Fund (LIF) will aid in financing required infrastructure in support of LDP allocations, however, funding of a number of the schemes contained within the Action Programme will be dependent on future Scottish Government spending priorities and the availability of public and private sector finance. The Edinburgh and South East Scotland City Deal will also assist in the delivery of some infrastructure projects.

It is important that financial arrangements for infrastructure are addressed early in the development process and that contact is made with the council's Development Management team to review cost implications of infrastructure and legal agreements.

The council recognises that the Planning (Scotland) Bill has proposed that LDPs should put greater emphasis on the deliverability of the infrastructure required to underpin the spatial strategy and development allocations and that Action Programmes have been identified as the most appropriate mechanism for doing this. In response to that challenge, this Action Programme begins the process of identifying indicative costings and funding sources. The intention is to increase the level of financial information in future iterations of this Action Programme.

West Lothian and New Infrastructure

West Lothian is strategically located in the central belt of Scotland with unrivalled access to the national trunk road and rail network making for easy access to customers, suppliers and workforce. Its central location and excellent business and labour market connections have helped the area become an important and economically buoyant hub and have enhanced its attractiveness as a place to invest and do business.

West Lothian also has one of the fastest growing and youngest populations in Scotland. By 2039 the population is projected to be 192,523, an increase of 8.6% compared to the population in 2014. At the same time, the age group projected to increase the most in size in West Lothian is the 75+ age group.

Forecasting, planning and timeously providing the necessary infrastructure is clearly a challenging, complex and costly business, often with long lead in times and delivery periods. The LDP has been conceived with the knowledge of these important spatial, economic and demographic considerations. This has been reflected by the planned growth of many settlements in West Lothian over the lifetime of the plan, particularly those locations which are embraced by Core Development Area (CDA) status. It will be observed that the key infrastructure demands are therefore principally allied to education capacity, community service provision and transport infrastructure. The completed actions which populate the table below helpfully illustrate and characterise the wide range of infrastructure projects identified in the Action Programme.

Completed Actions

At the time of publication of this first edition of the West Lothian LDP Action Programme thirty infrastructure 'actions' have been completed. This table will be updated in future iterations of the Action Programme.

COMPLETED C	OMMUNITY	PROPOSALS (9)
-------------	----------	-------------	----

P-5	Armadale	Partnership centre - Council services, Housing office, CIS, Library, Sure-start, Museum and early years space		
P-11	P-11 Blackburn Health centre at Ash Grove - new site as part of Blackburn Partnership Centre, GP surgery and dentist			
P-12	P-12 Blackburn Partnership centre - Council Services, Library, CIS, A2E, Macmillan Hub, Credit Union and Community Centre			
P-14	Blackridge	Partnership centre - Craiginn Community Centre has been re-structured to include library, museum, hall, computer suite etc.		
P-24	P-24 East Calder Partnership centre / community / health service provision linked to the Calderwood CDA			
P-42 Linlithgow Partnership centre - refurbishment of historic Grade 2 listed building and conversion to community facility				
P-48	Livingston	New doctors surgery opened in Murieston		
P-65	Livingston	Toronto Primary School - school enhancement		

COMPLETED EDUCATION PROPOSALS (14)

P-2(a)	Armadale	New primary school associated with Armadale Core Development Area (CDA) i.e. Southdale Primary School Phase 1A		
P-3(a)	Armadale	St Anthony's Primary School - extension Phase 1		
P-4	Armadale	Armadale Academy - school extension		
NP-122	Armadale	Armadale Primary School - extension		
P-7	Bathgate	Boghall Primary School - extension		
NP-121	Bathgate	Windyknowe Primary School - MUGA and access improvements		
NP-125	Bathgate	Balbardie Primary School - hall extension		
P-8	Bathgate	Simpson Primary School - extension		
P-9	Bathgate	St Mary's Primary School - extension		
P-20	Broxburn	St Nicholas Primary School - extension		
P-27	East Calder	East Calder Primary School – extension for nursery provision		
P-63	Livingston	Peel Primary School - school enhancement		
P-73	Torphichen	Torphichen Primary School - new hall		
P-79	West Calder	West Calder High School - replacement high school and new access road		
P-99	Winchburgh	Winchburgh Primary School - extension		

COMPLETED COUNTYRSIDE / OPEN SPACE / GREEN NETWORK PROPOSALS (6)

NP-124	East Calder	Calderwood CDA - access link to Almondell & Calderwood Country Park
P-102(a)	2(a) Landward Union Canal Linlithgow area - surface and access improvements	
P-103(c)	Landward	Links from the National Cycle Network NCR75 – to Blackness / South Queensferry area and Round the Forth Route
P-51	Livingston	Killandean Greenway (Allotments) - extension of allotments, drainage improvements and expansion of the adjacent car park
P-51 P-72	Threemiletown	Existing play facilities relocated
P-74	Uphall	Cemetery extension

COMPLETED TRANSPORT RELATED PROPOSALS (1)

■ Monitoring & Revisions to the Action Programme

Planning authorities in Scotland are required to update their Action Programmes <u>at least</u> every two years. However, under Section 21 (9)(a) of the Town & Country Planning (Scotland) Act 1997, the Scottish Ministers have required that the West Lothian Local Development Plan Action Programme is updated and re-published on an annual basis until the end of the LDP plan period.

Future iterations of the Action Programme will record the change for each proposal since the previous Action Programme was published.

■ Schedule 1 – Key Infrastructure Actions allied to Proposals

Schedule 1 of this Action Programme provides a comprehensive listing of all **proposals** in the LDP using the most up to date information available. For ease of reference key infrastructure actions fall largely into four types which have been colour-coded as follows:

- Community
- Education
- Countryside / Open Space / Green Network
- Transport
- Mixed infrastructure

The table in this Schedule is divided into five columns:

Location

In most cases a specific location is identified but where a CDA or large site masterplan has yet to identify that location an indicative location is given. To facilitate monitoring, some actions have been subdivided.

LDP Proposals Map Reference & Key Infrastructure Action Required

Each action is identified on the LDP Proposals Map by a red diamond ♦ and a corresponding number. If the action has not been mapped the symbol ⊕ is shown in the table.

Responsibility / Involvement / Finance

It is a requirement that agents responsible for the delivery of infrastructure/actions are identified. For actions at an early stage, indicative information is provided where known. Financial information has been provided and will be added to over the plan period.

Timescale

The LDP identifies three timescales over the course of the plan: 2014-2019; 2020-2024 and 2024 and beyond.

Current Status/Action/Comments

The current status of an action is identified with reference to one of the following stages:

■ Land Reservation/Initiation Stage brief finalisation, feasibility, estimates, commercial / business case

■ Funding Stage funding sought, legal agreement in progress

■ Proposal Stage design, costings

■ Consultation Stage usually finalising design proposals

■ Procurement Stage preparing for works on site / tendering / contracting

■ Construction Stage on site and fit out works in some cases

Balbardie Primary School – hall extension (completed)

■ Completion Stage works on site completed but in some cases project funding continues

■ Remedial Stage post-construction / snagging / finance outstanding

New Actions

NP-125

Bathgate

It is the nature of Action Programmes that new infrastructure requirements arise in response to gaining better information and firmer timescales for housing allocations as the spatial strategy in the Local Development Plan progresses. It is important to record these and they have been identified with the prefix 'NP' and are detailed below.

OTHER PR	OPOSALS	
NP-121	Bathgate	Windyknowe Primary School – Multi Use Games Area and access improvements (completed)
NP-122	Armadale	Armadale Primary School – school extension (completed)
NP-123	Whitburn	Whitburn, Heartlands – primary school extension (Polkemmet or Croftmalloch Primary School
NP-124	East Calder	Countryside access links to Almondell Country Park

[#]indicates proposals that are not mapped on any of the LDP Proposals Maps

It should be noted that projected costs were mainly established in 2017 and will be linked to BCIS indices. They will also be subject to inflation (circa 2.5% per annum) and exclude any risks associated with Brexit).

Consultation Stage

The Quiet Roads Initiative was the subject of a public consultation in 2016. It is primarily a cycling strategy and access improvement initiative.

Following the consultation it was agreed that a pilot area around Beecraigs should be established and that this would be progressed in 2018/19 subject to funding being available.

■ Schedule 2 – Key Infrastructure Actions allied with Housing Land Allocations

This section of the Action Programme contains actions for each LDP housing allocation and indicates three delivery periods; 2014 - 2019, 2020 - 2004 and 2025 - 2029. It is however the case that the council anticipates that any site identified in the Action Programme can assist to maintain the effective 5 year supply of housing land.

In addition to the specific site requirements listed in this Schedule it should be noted that:

For <u>all housing sites</u> in West Lothian there is a requirement for developers to make financial contributions towards:

- the cost of providing a new **Denominational Secondary school** in accordance with approved SG.
- the cost of cemetery provision in accordance with approved SG;
- the provision of **public art** in accordance with approved SG (with the exception of those sites that are being explicitly developed for affordable housing, or comprise less than 10 units)
- the provision of **open space** in accordance with approved Residential Development Guide SG (with the exception of those sites comprising less than 10 dwellings or where there is an identified surplus of active open space deemed by the council to satisfy the requirements of a new development, or in the previously identified CDAs where other specific provisions apply.
- the cost of school infrastructure and/or increasing capacity (except where properties have less than three habitable rooms).

 Developers are also required to fund school commissioning costs in situations where a new school or an extension to a school is required.

For <u>all</u> housing sites in West Lothian **in the previously designated Core Development Areas** (identified with an asterisk) there are additional requirements for developers to contribute to the payment and delivery of necessary infrastructure:

- sustainable transport initiatives, including:
 - funds to subsidise new bus services;
 - funds for school transport costs in circumstances where children will have to be bussed to school pending the construction of a new school or the extension of an existing school;
 - provision of bus shelters;

- contributions to funds to assist with the implementation of proposals arising from public transport
- road corridor studies.
- provision of electricity, gas, digital ducting and other utilities, i.e. serviced land;
- upgrading of existing road junctions/improvements to existing road network/ road signage;
- traffic management initiatives including provision of traffic calming, e.g. pelican crossings;
- closure or redetermination of existing roads where appropriate; and
- water and drainage provision (including sustainable urban drainage systems)
- local facilities and amenities, including
 - land for community facilities, e.g. Partnership Centre and libraries;
 - funds for town centre improvements in adjacent/host communities (i.e. Armadale, Winchburgh, Broxburn, West Calder, Polbeth, East Calder):
 - serviced employment land;
 - woodland planting to implement Green Network objectives;
 - management of existing trees and woodlands;
 - open space provision and indoor and outdoor sports facilities in accordance with approved strategies of the council;
 - provision of public art and commuted sums for future maintenance; and
 - recycling facilities.

In many instances these contributions and requirements are regulated by bespoke Section 75 legal Agreements which, together with the conditions of the relevant planning permission, provide a comprehensive and definitive source of guidance.

■ Schedule 3 – Key Infrastructure Actions allied with Employment Land Allocations

This section of the Action Programme sets out the infrastructure requirements for each employment allocation in the LDP.

Site access, servicing and screening from other uses are the generic requirements for developing new employment land allocations.

Appendix 1 of the LDP provides further information on use classes, categorisation of employment sites and specialist categories, as well as, a schedule of all employment land allocations including further details of site areas, ownership, use classes, categories of employment land.

■ Schedule 4 – Policy Actions

This section of the Action Programme identifies the relevant policy actions required to support the delivery of the LDP. It is important that all services within the council and those organisations and bodies outside the council with a role to play in the implementation of the LDP have a clear understanding of the requirements and expectations upon them which arise from the LDP.

The actions largely relate to processes and activities which are the responsibility of the council as service provider. However, they also include reference to Key Agencies, organisations and other bodies where relevant. The actions also include reference to Supplementary Guidance and Planning Guidance which the council intends to prepare and/or update in support of the LDP.

Over the period of LDP plan period circumstances can change and new policy requirements may emerge which can affect the pace of delivery which in turn may require some of the actions to be modified and/or new actions identified. In addition, further Planning Guidance may be required or amendments made to Supplementary Guidance.

The principal policy actions are set out below.

- **■** Community
- Education
- Countryside/Open Space/ Green Network
- Transport
- Mixed infrastructure

Policy	Topic/Title	Purpose	Action	Responsibility/Involvement	Timescale
DES 1	Design Principles	Sets out design principles developers will be required to adhere to.	Supplementary Guidance Supplementary Guidance (Residential Development Guide) has been approved by the Council Executive and awaits adoption of the LDP before it being submitted to Scottish Ministers for approval.	West Lothian Council, developers.	Autumn 2018
EMP 1	Safeguarding and developing existing employment Land	Protection of employment land and premises from other uses.	Employment land audit to be progressed to inform take up of employment land.	West Lothian Council - Planning Services, Economic Development/Business Gateway, Scottish Enterprise, developers, landowners, Chamber of Commerce, business organisations.	Annual
EMP 2	Employment development within settlement boundaries	Sets out criteria against which proposals for employment development within settlements will be assessed.	Employment land audit to be progressed to inform take up of employment land.	West Lothian Council – Planning Services, Economic Development/Business Gateway, business organisations.	Annual

ENV 23	Conservation Areas (designations)	Seeks to promote the designation of conservation areas and their protection.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland when/as appropriate to ensure appropriate conditions and controls are applied. Planning Guidance to be prepared.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner, local community, community councils.	Ongoing
ENV 24	Conservation Areas (demolitions)	Reinforces the presumption against development that would adversely impact on the character & appearance of the area. Sets out criteria where demolition may be acceptable.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland when/as appropriate to ensure appropriate conditions and controls are applied. Planning Guidance to be prepared.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner, local community, community councils.	Ongoing

ENV 25	Linlithgow Palace and Peel and High Street Rigs	Seeks to protect the area from any adverse effects arising from development.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland when/as appropriate to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing
ENV 26	Hopetoun Estate and Abercom Village	Advises of intention to appraise the area for potential designation as a conservation area.	Commence conservation area appraisal, monitor planning applications & liaise with Development Management, Historic Environment Scotland when/as appropriate to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	2014 - 2024
ENV 27	Areas of Built Heritage and Townscape Value	Seeks to maintain architectural character and historic significance.	Review of planning guidance relating to "Areas of Special Control" to be undertaken.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	2014 - 2019
ENV 28	Listed Buildings	Reinforces the presumption against development that would adversely affect listed buildings and their setting. Sets out criteria for new development, enabling development, demolitions, extensions, alterations & changes of use.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland as required to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing/annual monitoring.

ENV 29	Unoccupied and threatened listed buildings	Seeks to support the re-use of unoccupied or threatened listed buildings.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland as required to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing/annual monitoring.
ENV 30	Historic Gardens and Designed Landscapes	Reinforces the presumption against development that would harm the appearance & setting of historic gardens and designed landscapes.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland as required to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing/annual monitoring.
ENV 31	Historic Battlefields: Battle of Linlithgow Bridge (1526)	To protect, conserve and where appropriate enhance the landscape characteristics and special qualities of the site.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland as required to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing/annual monitoring.
ENV 32	Archaeology	Sets out requirements for archaeological assessment and protection of sites from adverse effects of development.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland as required to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing/annual monitoring.

ENV 33	Scheduled Monuments	Sets out the presumption against development which would have an adverse effect on scheduled monuments.	Monitor planning applications & liaise with Development Management, Historic Environment Scotland as required to ensure appropriate conditions and controls are applied.	West Lothian Council, Historic Environment Scotland, West of Scotland Archaeology Service, developer, landowner.	Ongoing/annual monitoring.
ENV 34	Art and development	Advises of developer contributions towards public art.	Supplementary Guidance to be reviewed.	West Lothian Council, developers.	Autumn 2019

Policy	Topic/Title	Purpose	Action	Responsibility/Involvement	Timescale
NRG 1	Climate Change and Sustainability	Encourages sustainable development and design with a view to reduction of greenhouse gas emissions.	Planning Guidance to be prepared.	West Lothian Council, developers, private sector, local community, community councils.	2014 - 2024
NRG 2	Solar Roof Capacity Requirements	Sets capacity requirements for developments.	Planning Guidance to be prepared.	West Lothian Council, developers, private sector, local community, community councils, renewables industry bodies.	2014 - 2024
NRG 3	Wind Energy Development	To advise of requirements to set out in supplementary guidance on wind energy developments.	Draft Supplementary Guidance to be refreshed and updated.	West Lothian Council, developers, private sector, local community, community councils, renewables industry bodies and SEPA.	Autumn 2019
NRG 4	Other Renewable Energy Technologies	Provides support for other renewable technologies subject to criteria set out and compliance with other LDP policies.	Planning Guidance to be prepared.	West Lothian Council, developers, private sector, local community, community councils, renewables industry bodies.	2014 - 2024

NRG 5	Energy and Heat Networks	Promotes the use of community heating networks.	Planning Guidance to be prepared.	West Lothian Council, developers, private sector, local community, community councils, renewables industry bodies and SEPA.	2014 - 2024
EMG 1:	Water Environment Improvement	Supports opportunities to improve the water environment.	Supplementary Guidance Flooding & the Water Environment has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, SEPA, Scottish Water.	Autumn 2019
EMG 2	Flooding	To prevent development at risk of flooding or which increases the risk of flooding elsewhere and to support implementation of local flood risk management plans.	Supplementary Guidance on Flooding & the Water Environment has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, SEPA, Scottish Water.	Autumn 2019
EMG 3	Sustainable Drainage	Indicates the approach required to support the development strategy.	Supplementary Guidance on Flooding & the Water Environment has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, SEPA, Scottish Water.	Autumn 2019
EMG 4	Air Quality	Sets out requirements of developers with regard to air quality.	Supplementary Guidance on Air Quality has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, SEPA, Scottish Water.	Autumn 2018
EMG 5	Noise	To protect against noise sensitive developments being exposed to significant noise levels arising from development.	Supplementary Guidance on Noise has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector.	Autumn 2019

EMG 6	Vacant, derelict and contaminated land	Provides support for the redevelopment of vacant & derelict land.	Monitor planning applications & liaise with case officers, EH to ensure appropriate conditions/controls	West Lothian Council.	Annual
			applied; DVL survey return to Scottish Government.		

Policy	Topic/Title	Purpose	Action	Responsibility/Involvement	Timescale
MRW 1	Mineral Resources and Safeguarding	Defines criteria for mineral extraction.	Supplementary Guidance on Minerals has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, industry bodies, Coal Authority, SEPA, Scottish Water, community councils.	Autumn 2019
MRW 2	Supporting Principles for Mineral Extraction	Sets out principles for supporting mineral extraction.	Supplementary Guidance on Minerals has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, industry bodies, Coal Authority, SEPA, Scottish, Water, community councils.	Autumn 2019
MRW 3	Impediments to Mineral Extraction	Sets out principles for supporting mineral extraction.	Supplementary Guidance on Minerals has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, industry bodies, Coal Authority, SEPA, Scottish Water, community councils.	Autumn 2019
MRW 4	Restoration of Mineral Extraction Sites	To require the restoration and aftercare of sites.	Supplementary Guidance on Minerals has been drafted and public consultation undertaken.	West Lothian Council, developers, private sector, industry bodies, Coal Authority, SEPA, Scottish Water, community councils.	Autumn 2019
MRW 5	Unconventional Gas Extraction including Hydraulic Fracturing (Fracking)	Sets out a policy framework for onshore oil and gas extraction.	Monitor planning applications & liaise with case officers to ensure appropriate advice given.	West Lothian Council, developers, private sector, industry bodies, Coal Authority, SEPA, Scottish Water, community councils.	2014 - 2024

MRW 6	Pipeline Consultation	Advises of requirements to consult with the Health & Safety Executive, Transco and BP as appropriate.	Monitor planning applications & liaise with case officers to ensure appropriate advice given.	West Lothian Council, Health and Safety Executive, Transco, BP.	2014 - 2024
MRW 7	Waste Management on Construction Sites	To advise of requirements for handling of waste arising from construction.	Monitor planning applications & liaise with case officers to ensure appropriate advice given.	West Lothian Council, developers.	2014 – 2024
MRW 8	Waste Management Facilities	Safeguards operational waste sites from inappropriate nearby development and criteria for assessing proposals for new waste management facilities.	Monitor planning applications & liaise with Development Management, Waste Services and SEPA to ensure appropriate advice is given.	West Lothian Council, developers, SEPA.	2014 – 2024
MRW 9	Landfill Sites	Presumes against new landfill sites and sets criteria to be considered for landfill proposals.	Monitor planning applications & liaise with case officers to ensure appropriate advice given.	West Lothian Council, developer, SEPA.	2014 – 2024

■ Schedule 5 – Supplementary Guidance (SG) and Planning Guidance (PG)

The council proposes to bring forward and/or update a suite of supplementary guidance and planning guidance to support the LDP. Statutory supplementary guidance is identified as (SG) and non-statutory planning guidance as (PG) in the list below.

The council's web-site will be used to provide details of new 'live' consultations on supplementary and planning guidance and all subsequently approved guidance will also be accessible from this location. https://www.westlothian.gov.uk/planningconsultations

Supplementary Guidance must be introduced through the development plan, published and subject to public consultation with due consideration given to any representations received as a result of the consultation process. Thereafter, it must be submitted to Scottish Ministers for approval.

The procedure for preparing non-statutory Planning Guidance is an expedited one and such guidance does not need referral to Scottish Ministers. It can be updated quickly as required or can be prepared in response to an issue arising during the lifetime of the LDP. It therefore has less weight than Supplementary Guidance but nonetheless is a material consideration in the determination of planning applications.

The current schedule for the preparation of supplementary and planning guidance is set out in the table below. A programme for the preparation, consultation and approval of SGs and PGs will be agreed over the course of the first year of the Action Programme and updated in the next annual edition of the Action Programme.

Economic Development & Growth		
Non-employment Uses within Employment Areas	PG	Within 12 months of adoption of the LDP

Housing Growth & Sustainable Locations		
Affordable Housing	SG	Within 12 months of adoption of the LDP
House Extension and Alteration Design Guide	SG	Within 12 months of adoption of the LDP
Residential Development Guide (RDG)	SG	Guidance approved in November 2017 for submission to Scottish
		Ministers upon LDP adoption
Single Plot and Small Scale Infill Residential Development in	-	No requirement to progress as separate guidance as this topic has
Urban Areas		been combined with the new RDG above

Infrastructure Requirements, Delivery & Transport		
Cemetery provision	SG	Within 12 months of adoption of the LDP. To be progressed as a single SG and not as suggested in Appendix 4 of the LDP as part of the SG for Developer Obligations for General Infrastructure for Site Delivery
Community Infrastructure	SG	Within 12 months of adoption of the LDP. To be progressed as a single SG and not as suggested in Appendix 4 of the LDP as part of the SG for Developer Obligations for General Infrastructure for Site Delivery
Developer Obligations for General Infrastructure for site	SG	Within 12 months of adoption of the LDP
delivery (not including Transportation)		
Developer Obligations for Transportation Infrastructure	SG	Within 12 months of adoption of the LDP
Education Strategy	SG	Within 12 months of adoption of the LDP
Paths - Core Path Pan	PG	Over the LDP plan period
Transport Improvements to A71 / A89 Corridor	SG	Within 12 months of adoption of the LDP
		To be incorporated within proposed SG Developer Obligations for
		Transportation Infrastructure
Transport - Active Travel Plan	PG	Approved March 2016 – refresh during 2019
Transport - Local Transport Strategy	PG	Within LDP timeframe

Town Centre & Retailing		
Urban Design & Public Realm	-	Current guidance to be reviewed and updated where appropriate

The Natural & Historic Environment

Historic Environment	PG	Within 12 – 24 months of adoption of the LDP
Geo-diversity action plan	PG	Draft prepared and consulted upon
Green Networks	SG	Guidance drafted as West Lothian Place Based Green Networks and consulted upon
Landscape Character and Local Landscape Designations	-	To remain as technical background documents; no PG required
Development in the Countryside	SG	Guidance drafted and consulted upon
Public Art	SG	Current guidance to be refreshed
Wildlife, Habitat and Development - Planning for Nature	PG	Current guidance to be refreshed
Woodland, Trees and Hedgerows - Protection and Promotion	PG	Within 12 - 24months of adoption of the LDP

Woodland and Trees within Settlements - Protection of	-	To be incorporated as appropriate into PG Woodland, Trees and
		Hedgerows – Promotion and Protection

Climate Change & Renewable Energy		
Contaminated Land	PG	Within 12 - 24 months of adoption of the LDP
Flooding and the Water Environment	PG	Draft prepared as SG and consulted upon
Energy - Heat Mapping and Heat Networks	PG	Within 12 - 24 months of adoption of the LDP
Noise	SG	Guidance approved in April 2017 for submission to Scottish Ministers
		upon LDP adoption
Renewables (not wind energy)	PG	Within 12 - 24 months of adoption of the LDP
Renewables (Solar Roof Capacity Requirement)	PG	Within 12 - 24 months of adoption of the LDP
Wind Energy Development	SG	Draft prepared and consulted upon
Air Quality	SG	Draft prepared as SG and consulted upon

Waste & Minerals		
Minerals	PG	Over the LDP plan period

Generic Policies across the LDP				
	Miscellaneous and Implementation	PG	Within 12 – 24 months of adoption of the LDP	
	Health Impact Assessment	PG	Approved March 2017
