

West Lothian Council Meeting March 19th 2024

Question to the Executive Councillor for Environment

1. A commitment was given in the recent budget agreement to review the current opening hours and the booking system at community centres across West Lothian.
 - Can you please outline, in detail, the timeline for this review process, i.e. when customers can expect to see proposals for change – if any – coming to the Environment PDSP and subsequently Council Executive, and I'd appreciate dates rather than a predicted outcome.
2. Can you please outline the marketing plan to inform brown bin users of the agreed introduction of charges for garden waste uplift from May 2024, including the timescale and tools that will be used (i.e. the Bulletin, leaflets, traditional press and social media), so that Elected Members can help to promote the new scheme as early as possible.

Councillor Sally Pattle

Liberal Democrat Councillor for the Linlithgow Ward

Received on 4 March 2024 at 9:32am
