D.2 Scottish Fire and Rescue Service (SFRS) Livingston North Multi-Member Ward Quarterly Report

Following the publication of the Livingston North Multi-Member Ward Operational Plan, the Local Senior Officer for Falkirk and West Lothian has produced a Performance Report detailing activity against the key priorities.

The key priorities within the Livingston North area are as follows:

Continuous Priority

- Local Risk Management and Preparedness.

High Priority

- Reduction of Dwelling Fires
- Reduction in Fire Fatalities and Casualties
- Reduction of Unwanted Fire Alarm Signals

Medium Priority

- Reduction of Deliberate Fire Setting
- Reduction of Fires in Non-Domestic Property
- Reduction in Casualties from Non-Fire Emergencies. (excluding RTCs)
- Reduction in RTC Fatalities and Casualties.

E. CONCLUSION

The Livingston North Multi-Member Ward Performance Report aligns to the key priorities of the Local Fire and Rescue Plan for West Lothian 2021, the West Lothian Strategic Assessment of Community Safety and continues with the excellent partnership working on Community Safety, which is evident in West Lothian.

Introduction

Welcome to the Scottish Fire and Rescue Service Ward Performance Report. This performance report is designed to provide citizens, stakeholders and partners with information relating to ward based activity undertaken by the Scottish Fire and Rescue Service.

In addition to historical ward based activity, this performance report provides information on the historic activity in the West Lothian Council area and Scotland. To allow benchmarking to be undertaken, the units of measurement in the performance graphs in the report are based on incidents/events per head of population.

Whilst using historic statistical benchmarking data, consideration must be taken of the somewhat random nature of fire related incidents and events, and how this can pose difficulties in interpreting emerging patterns and trends. This is of specific relevance where ward level data is analysed due to the relatively small number of actual incidents/events that occur in ward areas.

However, regardless of statistical anomalies, emerging patterns and trends in fire related incidents and events can assist the Scottish Fire and Rescue Service and Community Planning Partners plan and implement preventative intervention initiatives to target reducing fire related incidents and events.
